**Addendum #2: Clarifications on RFP
Design & Engineering Services for Bus Parking Yard in Paso Robles**

October 17, 2016

1. On page 26 of the original RFP document, the RTA stated bidders must provide the following as part of its firm profile:

“3. Provide the lead firm’s and each subcontractor’s California State Licensing Board number. This information will be used by the RTA for obtaining a California Department of Industrial Relations project number as it relates to required certified payroll submittals.”

To clarify, if your firm and/or any subcontractors have California State Licensing Board number, please provide it as part of your firm profile. Otherwise, provide any other State-issued certifications for each firm (i.e., your firm’s Professional Engineering certification).

2. An electronic sample Cost Proposal spreadsheet in MS Excel format will be emailed as part of this Addendum #2 distribution. Your firm may use it to develop your cost proposal, or an alternate method – as long as it provides the same information.
