AGENDA ITEM: C-1

TOPIC: Amendment to Agreement for Municipal Advisory Services with KNN Public Finance

PRESENTED BY: Geoff Straw

STAFF RECOMMENDATION: Authorize Executive Director to execute an Amendment to the Agreement for Municipal Advisory Services with KNN Public Finance

BACKGROUND/DISCUSSION:

On September 25, 2018, the RTA was awarded a Department of Transportation grant to help fund the new RTA Bus Garage facility that is currently in design. The amount awarded was $6.285 million, which was the largest grant amount awarded in California and was made possible by a unique community partnerships between the RTA, SLOCOG, CAPSLO, and the City and County of San Luis Obispo. As a reminder, the new facility is needed because we have outgrown the current facility and the lease expires in February 2022.

Staff is also working with the County Auditor and County consultants to develop funding strategies to fund the remaining balance of the project. As part of that process, at the November 7, 2018 RTA Board meeting, an initial contract with KNN Public Finance was approved in order to help staff with evaluating funding alternatives. KNN was selected due to their partnership with the County of San Luis Obispo. As noted during the July 10, 2019 RTA Board meeting, staff is working with KNN to explore along with other financing options, the Transportation Infrastructure Finance and Innovation Act (TIFIA) program.

As part of the process to evaluate and pursue TIFIA, additional resources have been needed. Although this results in an increase in charges, the additional cost savings TIFIA provides far outweigh these costs. In determining if the RTA should move forward with continuing the services agreement with KNN, staff reviewed the services provided to date and is pleased with the progress and result.

Staff Recommendation
Staff requests the Board’s concurrence to authorize the Executive Director to execute an amendment to the agreement for municipal advisory services with KNN Public Finance.

*Depending on nature of private placement transaction, regulatory restrictions may require that the Authority hire a placement agent, which would have a modest fee in addition to the KNN fee above or if the RTA identifies the lender then the Authority could proceed with just KNN, so long as KNN fees are charged on an hourly basis for the
private placement component. In any event, KNN’s municipal advisory services for a private placement transaction, would not exceed $20,000 (fixed or hourly).

3) KNN also shall be paid for reasonably incurred out of pocket expenses, including travel, conference calls, printing, data services, and other reimbursable expenses.
Exhibit E
Federal Procurement Clauses

1. ACCESS TO RECORDS AND REPORTS

b. It will report the use of facilities placed on or likely to be placed on the U.S. EPA “List of Violating Facilities;”

c. It will report violations of use of prohibited facilities to FTA; and

d. It will comply with the inspection and other requirements of the Clean Air Act, as amended, (42 U.S.C. §§ 7401 – 7671q); and the Federal Water Pollution Control Act as amended, (33 U.S.C. §§ 1251-1387).
3. CIVIL RIGHTS LAWS AND REGULATIONS

The AGENCY is an Equal Opportunity Employer. As such, the AGENCY agrees to comply with all applicable Federal civil rights laws and implementing regulations. Apart from inconsistent requirements imposed by Federal laws or regulations, the AGENCY agrees to comply with the requirements of 49 U.S.C. § 5323(h) (3) by not using any Federal assistance awarded by FTA to support procurements using exclusionary or discriminatory specifications.

Under this Agreement, the Contractor shall at all times comply with the following requirements and shall include these requirements in each subcontract entered into as part thereof.

a. Nondiscrimination. In accordance with Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, religion, national origin, sex, disability, or age. In addition, the Contractor agrees to comply with applicable Federal implementing regulations and other implementing requirements FTA may issue.

b. Race, Color, Religion, National Origin, Sex. In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e et seq., and Federal transit laws at 49 U.S.C. § 5332, the Contractor agrees to comply with all applicable equal employment opportunity requirements of U.S. Department of Labor (U.S. DOL) regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," 41 C.F.R. chapter 60, and Executive Order No. 11246, "Equal Employment Opportunity in Federal Employment," September 24, 1965, 42 U.S.C. § 2000e note, as amended by any later Executive Order that amends or supersedes it, referenced in 42 U.S.C. § 2000e note. The Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, national origin, or sex (including sexual orientation and gender identity). Such action shall include, but not be limited to, the following: employment, promotion, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

4. DISADVANTAGED BUSINESS ENTERPRISE (DBE)

For all DOT-assisted contracts, each FTA recipient must include assurances that third party contractors will comply with the DBE program requirements of 49 C.F.R. part 26, when applicable. The following contract clause is required in all DOT-assisted prime and subcontracts: The Contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The Contractor shall carry out applicable requirements of 49 C.F.R. part 26 in the award and administration of DOT-assisted contracts. Failure by the Contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

a. Withholding monthly progress payments;

b. Assessing sanctions;

c. Liquidated damages; and/or

d. Disqualifying the contractor from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

Further, recipients must establish a contract clause to require prime contractors to pay subcontractors for satisfactory performance of their contracts no later than 30 days from receipt of each payment the recipient makes to the prime contractor. 49 C.F.R. § 26.29(a).

Finally, for contracts with defined DBE contract goals, each FTA recipient must include in each prime contract a provision stating that the contractor shall utilize the specific DBEs listed unless the contractor obtains the recipient’s written consent; and that, unless the recipient’s consent is provided, the contractor shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE. 49 C.F.R. § 26.53(f) (1).

As an additional resource, recipients can draw on the following language for inclusion in their federally funded procurements.

Overview

It is the policy of the AGENCY and the United States Department of Transportation (“DOT”) that Disadvantaged Business Enterprises (“DBEs”), as defined herein and in the Federal regulations
published at 49 C.F.R. part 26, shall have an equal opportunity to participate in DOT-assisted contracts. It is also the policy of the AGENCY to:

a. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
b. Create a level playing field on which DBEs can compete fairly for DOT-assisted contracts;
c. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
d. Ensure that only firms that fully meet 49 C.F.R. part 26 eligibility standards are permitted to participate as DBEs;
e. Help remove barriers to the participation of DBEs in DOT assisted contracts;
f. To promote the use of DBEs in all types of federally assisted contracts and procurement activities; and
g. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.

This Contract is subject to 49 C.F.R. part 26. Therefore, the Contractor must satisfy the requirements for DBE participation as set forth herein. These requirements are in addition to all other equal opportunity employment requirements of this Contract. The AGENCY shall make all determinations with regard to whether or not a Bidder/Offeror is in compliance with the requirements stated herein. In assessing compliance, the AGENCY may consider during its review of the Bidder/Offeror’s submission package, the Bidder/Offeror’s documented history of non-compliance with DBE requirements on previous contracts with the AGENCY.

Contract Assurance

The Contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The Contractor shall carry out applicable requirements of 49 C.F.R. part 26 in the award and administration of DOT-assisted contracts. Failure by the Contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the AGENCY deems appropriate.

DBE Participation

For the purpose of this contract, the AGENCY will accept only DBEs who are:

a. Certified, at the time of bid opening or proposal evaluation, by the [certifying agency or the Unified Certification Program (UCP)]; or
b. An out-of-state firm who has been certified by either a local government, state government or Federal government entity authorized to certify DBE status or an agency whose DBE certification process has received FTA approval; or

c. Certified by another agency approved by the AGENCY.

**DBE Participation Goal**

The DBE participation goal for this contract is set at 5.1%. This goal represents those elements of work under this contract performed by qualified Disadvantaged Business Enterprises for amounts totaling not less than 5.1% of the total contract price. Failure to meet the stated goal at the time of proposal submission may render the Bidder/Offeror non-responsive.

**Proposed Submission**

Each Bidder/Offeror, as part of its submission, shall supply the following information:

a. A completed DBE Utilization Form (see below) that indicates the percentage and dollar value of the total bid/contract amount to be supplied by Disadvantaged Business Enterprises under this contract.

b. A list of those qualified DBEs with whom the Bidder/Offeror intends to contract for the performance of portions of the work under the contract, the agreed price to be paid to each DBE for work, the contract items or parts to be performed by each DBE, a proposed timetable for the performance or delivery of the contract item, and other information as required by the DBE Participation Schedule (see below). No work shall be included in the Schedule that the Bidder/Offeror has reason to believe the listed DBE will subcontract, at any tier, to other than another DBE. If awarded the contract, the Bidder/Offeror may not deviate from the DBE Participation Schedule submitted in response to the bid. Any subsequent changes and/or substitutions of DBE firms will require review and written approval by the AGENCY.

c. An original DBE Letter of Intent (see below) from each DBE listed in the DBE Participation Schedule.

d. An original DBE Affidavit (see below) from each DBE stating that there has not been any change in its status since the date of its last certification.

**Good Faith Efforts**

If the Bidder/Offeror is unable to meet the goal set forth above (DBE Participation Goal), the AGENCY will consider the Bidder/Offeror’s documented good faith efforts to meet the goal in determining responsiveness. The types of actions that the AGENCY will consider as part of the Bidder/Offeror’s good faith efforts include, but are not limited to, the following:
a. Documented communication with the AGENCY’s DBE Coordinator (questions of IFB or RFP requirements, subcontracting opportunities, appropriate certification, will be addressed in a timely fashion);

b. Pre-bid meeting attendance. At the pre-bid meeting, the AGENCY generally informs potential Bidder/Offeror’s of DBE subcontracting opportunities;

c. The Bidder/Offeror’s own solicitations to obtain DBE involvement in general circulation media, trade association publication, minority-focus media and other reasonable and available means within sufficient time to allow DBEs to respond to the solicitation;

d. Written notification to DBEs encouraging participation in the proposed contract; and

e. Efforts made to identify specific portions of the work that might be performed by DBEs.

The Bidder/Offeror shall provide the following details, at a minimum, of the specific efforts it made to negotiate in good faith with DBEs for elements of the contract:

a. The names, addresses, and telephone numbers of DBEs that were contacted;

b. A description of the information provided to targeted DBEs regarding the specifications and bid proposals for portions of the work;

c. Efforts made to assist DBEs contacted in obtaining bonding or insurance required by the Bidder or the Authority.

Further, the documentation of good faith efforts must include copies of each DBE and non-DBE subcontractor quote submitted when a non-DBE subcontractor was selected over a DBE for work on the contract. 49 C.F.R. § 26.53(b) (2) (VI). In determining whether a Bidder has made good faith efforts, the Authority may take into account the performance of other Bidders in meeting the contract goals. For example, if the apparent successful Bidder failed to meet the goal, but meets or exceeds the average DBE participation obtained by other Bidders, the Authority may view this as evidence of the Bidder having made good faith efforts.

Administrative Reconsideration

Within five (5) business days of being informed by the AGENCY that it is not responsive or responsible because it has not documented sufficient good faith efforts, the Bidder/Offeror may request administrative reconsideration. The Bidder should make this request in writing to the AGENCY’s DBE Coordinator. The DBE Coordinator will forward the Bidder/Offeror’s request to a reconsideration official who will not have played any role in the original determination that the Bidder/Offeror did not document sufficient good faith efforts.
As part of this reconsideration, the Bidder/Offeror will have the opportunity to provide written documentation or argument concerning the issue of whether it met the goal or made adequate good faith efforts to do so. The Bidder/Offeror will have the opportunity to meet in person with the assigned reconsideration official to discuss the issue of whether it met the goal or made adequate good faith efforts to do so. The AGENCY will send the Bidder/Offeror a written decision on its reconsideration, explaining the basis for finding that the Bidder/Offeror did or did not meet the goal or make adequate good faith efforts to do so. The result of the reconsideration process is not administratively appealable to the Department of Transportation.

Termination of DBE Subcontractor

The Contractor shall not terminate the DBE subcontractor(s) listed in the DBE Participation Schedule (see below) without the AGENCY’s prior written consent. The AGENCY may provide such written consent only if the Contractor has good cause to terminate the DBE firm. Before transmitting a request to terminate, the Contractor shall give notice in writing to the DBE subcontractor of its intent to terminate and the reason for the request. The Contractor shall give the DBE five days to respond to the notice and advise of the reasons why it objects to the proposed termination. When a DBE subcontractor is terminated or fails to complete its work on the contract for any reason, the Contractor shall make good faith efforts to find another DBE subcontractor to substitute for the original DBE and immediately notify the AGENCY in writing of its efforts to replace the original DBE. These good faith efforts shall be directed at finding another DBE to perform at least the same amount of work under the contract as the DBE that was terminated, to the extent needed to meet the contract goal established for this procurement. Failure to comply with these requirements will be in accordance with Section 8 below (Sanctions for Violations).

Continued Compliance

The AGENCY shall monitor the Contractor’s DBE compliance during the life of the contract. In the event this procurement exceeds ninety (90) days, it will be the responsibility of the Contractor to submit quarterly written reports to the AGENCY that summarize the total DBE value for this contract. These reports shall provide the following details:

- DBE utilization established for the contract;
- Total value of expenditures with DBE firms for the quarter;
- The value of expenditures with each DBE firm for the quarter by race and gender;
- Total value of expenditures with DBE firms from inception of the contract; and
- The value of expenditures with each DBE firm from the inception of the contract by race and gender.

Reports and other correspondence must be submitted to the DBE Coordinator with copies provided to the RTA Executive Director. Reports shall continue to be submitted quarterly until final payment is issued or until DBE participation is completed.
The successful Bidder/Offeror shall permit:

- The AGENCY to have access to necessary records to examine information as the AGENCY deems appropriate for the purpose of investigating and determining compliance with this provision, including, but not limited to, records of expenditures, invoices, and contract between the successful Bidder/Offeror and other DBE parties entered into during the life of the contract.

- The authorized representative(s) of the AGENCY, the U.S. Department of Transportation, the Comptroller General of the United States, to inspect and audit all data and record of the Contractor relating to its performance under the Disadvantaged Business Enterprise Participation provision of this contract.

- All data/record(s) pertaining to DBE shall be maintained as stated in Section 1 of this contract.

Sanctions for Violations

If at any time the AGENCY has reason to believe that the Contractor is in violation of its obligations under this Agreement or has otherwise failed to comply with terms of this Section, the AGENCY may, in addition to pursuing any other available legal remedy, commence proceedings, which may include but are not limited to, the following:

- Suspension of any payment or part due the Contractor until such time as the issues concerning the Contractor’s compliance are resolved; and

- Termination or cancellation of the contract, in whole or in part, unless the successful Contractor is able to demonstrate within a reasonable time that it is in compliance with the DBE terms stated herein.

5. EMPLOYEE PROTECTIONS

The Contractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three (3) years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such
records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid.

Such records maintained under this paragraph shall be made available by the Contractor for inspection, copying, or transcription by authorized representatives of the FTA and the Department of Labor, and the Contractor will permit such representatives to interview employees during working hours on the job.

The Contractor shall require the inclusion of the language of this clause within subcontracts of all tiers.

6. **ENERGY CONSERVATION**

The Contractor agrees to comply with mandatory standards and policies relating to energy efficiency, which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

7. **GOVERNMENT-WIDE DEBARMENT AND SUSPENSION**

The Contractor shall comply and facilitate compliance with U.S. DOT regulations, “Nonprocurement Suspension and Debarment,“ 2 C.F.R. part 1200, which adopts and supplements the U.S. Office of Management and Budget (U.S. OMB) “Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement),” 2 C.F.R. part 180. These provisions apply to each contract at any tier of $25,000 or more, and to each contract at any tier for a federally required audit (irrespective of the contract amount), and to each contract at any tier that must be approved by an FTA official irrespective of the contract amount. As such, the Contractor shall verify that its principals, affiliates, and subcontractors are eligible to participate in this federally funded contract and are not presently declared by any Federal department or agency to be:

a. Debarred from participation in any federally assisted Award;
b. Suspended from participation in any federally assisted Award;
c. Proposed for debarment from participation in any federally assisted Award;
d. Declared ineligible to participate in any federally assisted Award;
e. Voluntarily excluded from participation in any federally assisted Award; or
f. Disqualified from participation in any federally assisted Award.

By signing and submitting its bid or proposal, the bidder or proposer certifies as follows: The certification in this clause is a material representation of fact relied upon by the AGENCY. If it is later determined by the AGENCY that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to the AGENCY, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. part
180, subpart C, as supplemented by 2 C.F.R. part 1200, while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

8. LOBBYING RESTRICTIONS

The undersigned certifies, to the best of his or her knowledge and belief, that:

a. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

9. NO GOVERNMENT OBLIGATION TO THIRD PARTIES

The Agency and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Agency, Contractor or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract. The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by the FTA. It is
further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

10. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS AND RELATED ACTS

The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.

The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. chapter 53, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5323(l) on the Contractor, to the extent the Federal Government deems appropriate.

The Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

11. RECYCLED PRODUCTS

The Contractor agrees to provide a preference for those products and services that conserve natural resources, protect the environment, and are energy efficient by complying with and facilitating compliance with Section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962, and U.S. Environmental Protection Agency (U.S. EPA), “Comprehensive Procurement Guideline for Products Containing Recovered Materials,” 40 C.F.R. part 247.

12. SAFE OPERATION OF MOTOR VEHICLES

Seat Belt Use

The Contractor is encouraged to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel that operate company-owned vehicles,
company-owned, or company-leased. The terms “company-owned” and “company-leased” refer to vehicles owned or leased either by the Contractor or AGENCY.

Distracted Driving

The Contractor agrees to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies to ban text messaging while using an electronic device supplied by an employer, and driving a vehicle the driver owns or rents, a vehicle the Contractor owns, leases, or rents, or a privately-owned vehicle when on official business in connection with the work performed under this agreement.

13. TERMINATION

Termination for Convenience (General Provision)

The AGENCY may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the AGENCY’s best interest. The Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to AGENCY to be paid the Contractor. If the Contractor has any property in its possession belonging to AGENCY, the Contractor will account for the same, and dispose of it in the manner AGENCY directs.

Termination for Default [Breach or Cause] (General Provision)

If the Contractor does not deliver supplies in accordance with the contract delivery schedule, or if the contract is for services, the Contractor fails to perform in the manner called for in the contract, or if the Contractor fails to comply with any other provisions of the contract, the AGENCY may terminate this contract for default. Termination shall be effected by serving a Notice of Termination on the Contractor setting forth the manner in which the Contractor is in default. The Contractor will be paid only the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract. If it is later determined by the AGENCY that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, the AGENCY, after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a Termination for Convenience.

Opportunity to Cure (General Provision)

The AGENCY, in its sole discretion may, in the case of a termination for breach or default, allow the Contractor [an appropriately short period of time] in which to cure the defect. In such case, the Notice of Termination will state the time period in which cure is permitted and other appropriate conditions.
If Contractor fails to remedy to AGENCY’s satisfaction the breach or default of any of the terms, covenants, or conditions of this contract within ten days after receipt by Contractor of written notice from AGENCY setting forth the nature of said breach or default, AGENCY shall have the right to terminate the contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude AGENCY from also pursuing all available remedies against Contractor and its sureties for said breach or default.

Waiver of Remedies for any Breach

In the event that AGENCY elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this contract, such waiver by AGENCY shall not limit AGENCY’s remedies for any succeeding breach of that or of any other covenant, term, or condition of this contract.

Termination for Convenience (Professional Contracts)

The AGENCY, by written notice, may terminate this contract, in whole or in part, when it is in the AGENCY’s interest. If this contract is terminated, the AGENCY shall be liable only for payment under the payment provisions of this contract for services rendered before the effective date of termination.

Termination for Default (Supplies and Service)

If the Contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension, or if the Contractor fails to comply with any other provisions of this contract, the AGENCY may terminate this contract for default. The AGENCY shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. The Contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract. If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the AGENCY.

14. VIOLATION AND BREACH OF CONTRACT

Rights and Remedies of the AGENCY

The AGENCY shall have the following rights in the event that the AGENCY deems the Contractor guilty of a breach of any term under the contract.

a. The right to take over and complete the work or any part thereof as agency for and at the expense of the Contractor, either directly or through other contractors;

b. The right to cancel this contract as to any or all of the work yet to be performed;
c. The right to specific performance, an injunction or any other appropriate equitable remedy; and

d. The right to money damages.

Rights and Remedies of Contractor

Inasmuch as the Contractor can be adequately compensated by money damages for any breach of this contract, which may be committed by the AGENCY, the Contractor expressly agrees that no default, act or omission of the AGENCY shall constitute a material breach of this contract, entitling Contractor to cancel or rescind the contract (unless the AGENCY directs Contractor to do so) or to suspend or abandon performance.

Remedies

Substantial failure of the Contractor to complete the Project in accordance with the terms of this Agreement will be a default of this Agreement. In the event of a default, the AGENCY will have all remedies in law and equity, including the right to specific performance, without further assistance, and the rights to termination or suspension as provided herein. The Contractor recognizes that in the event of a breach of this Agreement by the Contractor before the AGENCY takes action contemplated herein, the AGENCY will provide the Contractor with sixty (60) days written notice that the AGENCY considers that such a breach has occurred and will provide the Contractor a reasonable period of time to respond and to take necessary corrective action.

Disputes

Disputes arising in the performance of this contract that are not resolved by agreement of the parties shall be decided in writing by the authorized representative of AGENCY’s Deputy Director. This decision shall be final and conclusive unless within ten days from the date of receipt of its copy, the Contractor mails or otherwise furnishes a written appeal to the Executive Director. In connection with any such appeal, the Contractor shall be afforded an opportunity to be heard and to offer evidence in support of its position. The decision of the Executive Director shall be binding upon the Contractor and the Contractor shall abide be the decision.

In the event that a resolution of the dispute is not mutually agreed upon, the parties can agree to mediate the dispute or proceed with litigation. Notwithstanding any provision of this section, or any other provision of this contract, it is expressly agreed and understood that any court proceeding arising out of a dispute under the contract shall be heard by a Court de novo and the court shall not be limited in such proceeding to the issue of whether the Authority acted in an arbitrary, capricious or grossly erroneous manner.
Pending final settlement of any dispute, the parties shall proceed diligently with the performance of the contract, and in accordance with the AGENCY’s direction or decisions made thereof.

Performance during Dispute

Unless otherwise directed by AGENCY, Contractor shall continue performance under this contract while matters in dispute are being resolved.

Claims for Damages

Should either party to the contract suffer injury or damage to person or property because of any act or omission of the party or of any of its employees, agents or others for whose acts it is legally liable, a claim for damages therefor shall be made in writing to such other party within a reasonable time after the first observance of such injury or damage.

Remedies

Unless this contract provides otherwise, all claims, counterclaims, disputes and other matters in question between the AGENCY and the Contractor arising out of or relating to this agreement or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State in which the AGENCY is located.

Rights and Remedies

The duties and obligations imposed by the contract documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the AGENCY or Contractor shall constitute a waiver of any right or duty afforded any of them under the contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.
AGENDA ITEM: C-2

TOPIC: Request for Credit Rating

ACTION: Approve

PRESENTED BY: Geoff Straw, Executive Director

STAFF RECOMMENDATION: Authorize the Executive Director to Request Credit Rating from Moody’s

BACKGROUND/DISCUSSION:

As noted during the July 10, 2019 RTA Board meeting, staff is currently exploring, along with other financing options, the Transportation Infrastructure Finance and Innovation Act (TIFIA) program for funding to address the funding shortfall for the bus maintenance facility at 253 Elks Lane. One of the items needed to move forward with TIFIA, or a public bond, is a credit rating.

There are 4 rating agencies in the municipal market – Moody’s, S&P, Fitch, and Kroll. All would certainly satisfy the TIFIA rating requirements, but if for some reason TIFIA didn’t come to fruition, we would issue a public bond. A public bond offering would also only require one rating (like TIFIA), but if only one rating, investors are sensitive to which one is utilized. A single Moody’s or S&P rating would be acceptable – Fitch and Kroll would not. Because we may pursue TIFIA or a public bond, it is best that we use a rating agency that could satisfy either borrowing. For this reason, only Moody’s and S&P credit rating options were explored.

There are a number of different “products” that the rating agencies offer. For both Moody’s and S&P, the “product” that would best fit TIFIA needs is the “indicative” rating process that provides a preliminary gauge of your rating through a letter and then a formal rating/report is delivered upon pricing/closing on the borrowing (TIFIA or public bonds). Fees for the approach are as follows:

1. Moody’s: Total rating fee is $22,000. 75% of the rating fee ($16,500) is due when the indicative rating letter is provided (approximately September). The indicative fee would applied as a credit to the formal rating on the TIFIA or public bond such that the remaining 25% ($5,500) would be due upon closing on the offering.
2. S&P: Total rating fee is $33,000. At the time the indicative rating letter is provided (approximately September), $15,000 would be due. A portion of the indicative fee would applied as a credit to the formal rating on the TIFIA or public bond ($10,000 of the $15,000), such that the balance of the rating fee due upon closing on the offering would be $23,000.

While Moody’s has a slightly higher upfront cost of $16,500 versus the S&P $15,000, Moody’s total cost ($22,000) is lower by $16,000 as compared to S&P ($33,000). Additionally, Moody’s has a pretty firm grasp of transit agencies and the security structure, as the provided credit ratings for Gold Coast Transit District and Victor Valley Transit Authority utilized Moody’s. Attached is the credit opinion that Moody’s provided to Gold Coast Transit District.

**STAFF RECOMMENDATION:**

Authorize the Executive Director to request a credit rating from Moody’s at a cost not to exceed $22,000.
Gold Coast Transit District, CA

New Issue - Moody's assigns A2 rating to Gold Coast Transit District, CA COPs; outlook stable

Summary Rating Rationale
Moody's Investors Service has assigned an A2 rating to the Gold Coast Transit District (GCTD or the district), CA's Certificates of Participation (Transit Facilities Project). The A2 rating reflects healthy coverage of maximum annual debt service (MADS) of 3 times by a narrow pledge of farebox revenues, an adequate 2.0 times additional bonds test and a stable and growing local economy.

Credit Strengths
» Steady growth in pledged farebox revenues, ridership, service area economy
» Establishment as a transit district promotes financial flexibility and enhances liquidity

Credit Challenges
» Bus systems, such as that of the district, have lower farebox recovery ratios than rail
» The district has a high dependency on federal and state grants that can be delayed

Exhibit 1
Steady growth in ridership

Source: District financial statements
Rating Outlook
The stable outlook reflects a stable and growing economy that supports ridership growth and our belief that the district’s finances will continue to improve.

Factors that Could Lead to an Upgrade
» Stronger job and population trends and higher transit utilization
» Lower dependency on intergovernmental assistance to fund operations

Factors that Could Lead to a Downgrade
» Deterioration of either the pledged farebox revenues or other operating revenues
» Strain on GCTD’s operations or liquidity caused by delayed grants or other factors

Recent Developments
Recent developments are incorporated into the detailed rating considerations.

Detailed Rating Considerations

Size and Market Position
GCTD’s ridership has steadily improved over the last decade to 4.0 million riders as of fiscal 2015 from 3.4 million in fiscal 2006. The improvement is a reflection of the steadily growing service area of Ventura County (issuer rating Aaa stable). The Ventura County Naval Base, with 19,000 personnel, anchors the local economy, which also benefits from a strong biotech and pharmaceutical industry as in Amgen, Inc. (Baa1 stable). Moody’s Analytics projects the region to be an above-average performed over the long-term, supported by a diverse industrial base, a budding tech sector and an advantageous location. Income levels in the area are generally higher than national and state averages, which is indicative of ability to pay fares.

The service area population of 375,000 as of 2015, also steadily growing, is relatively small compared to other rated transit agencies. The lack of a multi-modal system, GCTD solely provides bus and paratransit service, makes the district less essential compared to other rated transit agencies that are the sole providers of transit in large metropolitan regions.

Financial Flexibility and Metrics
GCTD’s farebox recovery ratio, calculated as total fare revenues divided by operating expenditures, was 21% in fiscal 2015 and declined to 16% in fiscal 2016 on an unaudited basis. While relatively low for a rated transit agency, GCTD’s farebox recovery ratio reflects the bus service that it provides. Transit agencies with a rail component are typically able to recoup a larger portion of their expenses from fares. Buses typically serve a lower income demographic that has a greater set of alternatives for the shorter distances covered. The decline in GCTD’s farebox recovery ratio in 2016 was driven by a decline in ridership and increase in operating expense.

As with most transit agencies, GCTD relies on government subsidies. Despite the decline in fare revenue in fiscal 2016, GCTD’s operating grants, 79% of revenues, increased, leaving it in a better fiscal position than it was the year prior. We view overdependence
on governmental subsidies as a credit challenge because of transits' limited flexibility to adjust for subsidy shortfalls. Since becoming a transit district in fiscal 2014, the GCTD now receives state funds directly rather than through the local jurisdictions, which we view as a significant improvement in that the district is more isolated from the financial stresses at the local government level.

Inclusive of all grants and subsidies, GCTD earned $4 million more in revenues than it spent in fiscal 2016, on an unaudited basis. We expect GCTD to continue to post strong financial results in line with healthy 24% fiscal 2015 operating margins that have not dipped below 22% over the past three years.

Since fiscal 2015, California transits' Federal Transit Administration (FTA) operating grants have been delayed amid ongoing litigation between the US Department of Labor (DOL) and the State of California (Aa3 stable) over public pension reform legislation enacted in 2013. Despite a federal district court ruling that found it erred in its actions and DOL's subsequent decision to drop its appeal of that outcome, some transits have not received their grants, including Gold Coast Transit. In January, a judge granted motion to enforce the order. The GCTD expects to receive upheld federal transit grants in the next two months.

The ongoing DOL litigation presents liquidity risk for GCTD, especially because it plans to use its federal grants to pay debt service. That disruption is somewhat mitigated by several factors. Liquidity is adequate. GCTD has covenanted to use all legally available funds to pay debt service if necessary. Additionally, GCTD has significant managerial and financial flexibility to adjust if the federal funds are not received, including making service cuts or increasing fares.

LIQUIDITY
At the end of fiscal 2015, GCTD had $12 million in cash, equal to 234 days cash on hand, nearly double its liquidity position a year before. The district maintains a $1 million line of credit with MUFG Union Bank, N.A. (A1(cr)/P-1(cr)), which renews annually in August. It has not had to draw on that source of external liquidity.

Debt and Legal Covenants
DEBT STRUCTURE
GCTD has no outstanding debt. The lease agreement for this issuance provides adequate legal provisions. A portion of proceeds will cash fund a debt service reserve fund (subject to the traditional 3-prong test). If monies from the debt service reserve fund are used to cure any deficiency, GCTD must replenish the fund within 12 months of the deficiency date. The Certificates of Participation have an additional bonds test of 2 times farebox revenues to MADS for any 12 month period within 18 months before any additional issuance. Fiscal 2015 debt service coverage by net revenues are 5.4 times, which include excess LTF funds remaining after payment of operations and assuming the entire expected amount of debt is issued.

Fiscal 2015 farebox revenues and legally available revenues provide 3.1 times and 13 times MADS coverage, respectively. GCTD expects that the FTA Section 5307 funds will provide reimbursement for 80% of each payment due under the lease agreement. GCTD will fund the remaining 20% from certain LTF and STA revenues of the District available under the lease agreement and, if such amounts are not sufficient, from farebox revenues. Unaudited fiscal 2016 results indicate a decline in farebox revenues, in part due declines in ridership, which brought pledged revenue coverage of MADS to 2.6 times, which remains healthy.

DEBT-RELATED DERIVATIVES
The district is not party to any debt-related derivatives.

PENSIONS AND OPEB
Operating Environment and Governance
The district was established on July 1, 2014, as a California transit district. Prior to being created as a California transit district, the District was a joint powers agency established in 1973 by agreement among the Cities of Ojai, Oxnard, Port Hueneme and San Buenaventura through the merger of the Ventura Transit City Lines and the Oxnard Municipal Bus Lines; the County of Ventura joined the agency in 1977.

As a district, GCTD now receives state funds directly instead of having member jurisdictions allocate their share of the District's budget. This insulates the district from the financial stresses of the member jurisdictions and will improve the district's liquidity and control over its own finances. GCTD has a five-member board of directors representing the member jurisdictions.
Legal Security
The transaction is part of a lease/leaseback structure between GCTD and the California Transit Finance Corporation, a nonprofit that solely exists to facilitate the financing of transit-related projects. Pursuant to the lease agreement, GCTD legally pledges farebox revenues, but covenants to use all legally available revenues for lease payments, which include Local Transportation Funds (LTF), a 0.25% sales tax dedicated to transportation that is apportioned to GCTD, State Transportation Assistance (STA) funds, FTA Section 5307 Grants, and farebox revenues. The legal pledge is relatively narrow compared to our other rated enterprise mass transit entities.

Use of Proceeds
Proceeds from the issuance will contribute a portion of the financing of a new $52 million administration and operations facility in Oxnard, CA on a 15-acre site that will replace the current, smaller bus facility. The remaining costs will be paid by grants and by GCTD.

Obligor Profile
Gold Coast Transit District provides 22 bus routes on a fleet of 56 buses and 24 paratransit vehicles to the cities of Ojai, Oxnard, Port Hueneme, Ventura and the unincorporated areas of Ventura County. GCTD is the largest public transportation operator in Ventura County. All vehicles are powered by clean natural gas supplied by an on-site CNG fueling station.

The principal methodology used in this rating was Global Mass Transit Enterprises Methodology published in February 2015. Please see the Ratings Methodologies page on www.moodys.com for a copy of this methodology.

AGENDA ITEM: C-3

TOPIC: Revise Title VI Plan

PRESENTED BY: Geoff Straw, Executive Director

STAFF RECOMMENDATION: Approve the Revised Title VI Policy Statement and Plan

BACKGROUND/DISCUSSION:
Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin in programs and activities receiving Federal financial assistance. Specifically, Title VI provides that "no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance" (42 U.S.C. Section 2000d).

The RTA Title VI Policy was originally adopted by the RTA Board in September 2010 and updated in May 2019. Since that time, staff has received feedback from the Federal Transit Administration (FTA) requesting various revisions to the plan.

In order to outline the requested changes staff is including a clean version of the revised plan and a version that includes the tracked changes information. The two items that have changed that are not redlined are the addition of the table of contents and references to RTA instead of San Luis Obispo Regional Transit Authority throughout the document.

Staff Recommendation
Approve the revised Title VI Policy Statement and Plan as presented, including ratification of the Resolution in Appendix J.

VI. LIMITED ENGLISH PROFICIENCY (LEP) PLAN

The RTA has developed a Limited English Proficiency Plan (LEP) to help identify reasonable steps to provide language assistance for LEP persons seeking meaningful access to RTA services as required by Executive Order 13166. A Limited English Proficiency person is one who does not speak English as their primary language and who has a limited ability to read, speak, write, or understand English. This plan has detail procedures on how to identify a person who may need language assistance, the ways in which assistance may be provided, training staff, how to notify LEP persons that assistance is available, and information for future plan updates. In developing the plan RTA’s determined the extent of obligation to provide LEP services, the RTA has undertook the U.S. Department of Transportation four factor LEP analysis which considers the following factors:

1. The number or proportion of LEP persons eligible in the RTA service area who maybe served or likely to encounter an RTA program, activity, or service;
2. The frequency with which LEP individuals come in contact with an RTA service;
3. The nature and importance of the program, activity or service provided by the RTA to the LEP population; and
4. The resources available to RTA and overall costs to provide LEP assistance. See Appendix K for the LEP Plan.

VII. COMMUNITY OUTREACH

As an agency receiving federal financial assistance, we have made the following community outreach efforts:

The RTA holds public meetings bi-monthly. At these meetings the public is welcome to attend and share in discussion with a variety of Community Outreach discussions. Additionally, the RTA works with the other transit agencies in the service area and other stakeholder organizations to review and discuss the planning and have involvement in the decision making process. The RTA from time to time have do on-board survey hand-outs to customers for their feedback about a variety of issues.

The RTA has a policy and procedure for public comment regarding fare or service changes which is included in Appendix H. Below is a summary of specific outreach efforts made since the last Title VI Program submission:

- September 2016 - Public Hearing: Affirm Mitigated Negative Declaration for Paso Bus Yard & Solicit Design Services
- February 2017 – participate in SLOCOG Public Hearing: Unmet Transit Needs
- August - September 2017 - Public Hearing: Disadvantaged Business Enterprise Plan Goal Methodology Update
- September 2017 – Public Workshops: Proposed Changes to Fare Program
- September 2017 - Public Hearing: Consider Certification of CEQA IS/MND Report & NEPA Categorical Exclusion for RTA Maintenance Facility Project
- October 2017 – Customer perception survey completed with over 900 responses
The RTA submits to the California Department of Transportation and Federal Transit Administration annually an application for funding. The application requests funding for both capital and operating assistance. Part of the annual application is a public notice, which includes a 30-day public comment period.

VIII. ACTIVE INVESTIGATION, LAWSUIT OR COMPLAINT

The RTA has had no active investigations, lawsuits or complaints alleging discrimination on the basis of race, color or national origin.

IX. SUBRECIPIENTS MONITORING

Primary recipients shall ensure subrecipients are complying with Title VI. Subrecipient Title VI program shall be submitted every three years in line with the primary recipient’s program. Subrecipients will also submit annual complaint logs to primary recipient which will be kept in an electronic storage device for further review by FTA as necessary.

Subrecipients shall submit Title VI Programs to the primary recipient from whom they receive funding, in order to assist the primary recipient in its compliance efforts, on a schedule to be determined by the primary recipient. In the event an entity receives funds from more than one primary recipient, the subrecipient shall submit Title VI Programs to all primary recipients from which it receives funds. Chapters III, IV, V, and VI and appendices detail the specific information that shall be included in Title VI Programs, based on recipient characteristics.

The RTA recognizes the need to monitor their subrecipients’ compliance with the FTA circular. The RTA does pass funding to a subrecipient, the City of Atascadero. This relationship necessitates compliance monitoring. The City of Atascadero Title VI program was adopted in 2019.

Subrecipient Assistance and Monitoring

The RTA conducts the following subrecipient procedures and protocols to facilitate subrecipient compliance with C4702.1B:

The Grants department subrecipient management policies and procedures provide instructions and timelines for how the RTA staff monitor subrecipients’ Title VI compliance in accordance with the FTA circular. The procedures state that the RTA staff will:

- notify subrecipients of their responsibilities;
• offer resources and information as needed, and provide technical assistance as requested, to support subrecipient’s development of a Title VI program;
• check in monthly until the subrecipient’s Title VI program is adopted by their governing body;
• provide any assistance requested to assist subrecipient’s full implementation of their program; and
• conduct annual compliance checks to verify subrecipient’s compliance with their Title VI program.

X. BOARD DEMOGRAPHICS

RTA Board of Directors is all elected members. Therefore, this does not apply.

XI. EQUITY ANALYSIS FOR BUILDING SITE

An equity analysis was not required when RTA built the Tenant Improvements for the current operating and maintenance facility seven years ago. This was a pre-existing site that RTA lease and then did the Tenant Improvement without any federal funds. Therefore, this did not apply.

The RTA is currently in design and engineering for a bus maintenance facility and completed the Equity Analysis was adopted by the RTA Board on July 10, 2019 which included a public hearing. The information can be found on the RTA website: http://www.slorta.org/about-rta/agency-reports/

XII. RESOLUTION APPROVING TITLE VI PLAN

A copy of this resolution can be found in Appendix J of this Plan.

XIII. SERVICE STANDARDS

Vehicle Load Standards
RTA uses a standard of 1.5 ratio as the maximum vehicle load on a peak trip. The average of all loads during the peak operating period should not exceed vehicles’ achievable capacities, which are 36 passengers for a 15’ mini-bus, 55 passengers for low-floor 40-foot buses, and 63 passengers for standard 40-foot buses. The exact maximum passenger capacity may be affected by specific manufacturer’s recommendations which may be different for certain vehicle types. Demand Response (DR) does not have load standard but we try to maximize boarding to increase efficiencies.

Vehicle Headway Standards
Service operates on regional trunk lines every 60 minutes (more frequently during peak a.m. and p.m. commute times) from early morning to late in the evening, five days a week, with the exception of the less populated North Coast Route #15. On weekends, service operates 5 times per day on Saturdays and 3 times per day on Sundays, throughout RTA’s system. DR service does not allow any passenger to be on a vehicle in a single trip more than two hours. The dispatch software parameter is set to flag dispatchers if a trip is close to or will exceed two hours.
Scheduling involves the consideration of a number of factors including: ridership productivity, transit/pedestrian friendly streets, density of transit-dependent population and activities, relationship to the Regional Transportation Plan, relationship to major transportation developments, land use connectivity, and transportation demand management.

**On-Time Performance Standards**

Fixed route service is considered on-time if at no point the bus is six or more minutes late. With the introduction of the ITS system in 2016, early departures are now being included in the metric. In addition, every published time-point is now being considered, which gave a more realistic and accurate numbers. The result of the increased accuracy is a decline in the performance metric, not necessarily in the overall service quality. The goal is now 85% or greater set by RTA’s Strategy Business Plan after gaining more reliable information from the ITS system.

![Fixed Route On Time Performance FY 2019](image)

RTA continuously monitors on-time performance and system results are published and posted as part of monthly performance reports covering all aspects of operations.

DR service is considered on-time if the van arrives within 30 minutes of the appointed pick-up time. The goal is 95% or greater, and Runabout has surpassed this goal in each month of FY 19, achieving an overall OTP result of 98.79%. Staff will continue to monitor Runabout’s OTP to ensure we continue to achieve this strong result.

**Service Availability Standards**
RTA try to distribute transit service so that 100% of all regional fixed route service are within a 3/4 mile walk of intercity bus transfer points.

XIII. SERVICE POLICIES

Vehicle Assignment Policy
Fixed Route bus assignments take into account the operating characteristics of buses of various lengths, which are matched to the operating characteristics of the route. Local routes with lower ridership may be assigned 15-foot buses rather than the 35, 40 or 45-foot buses. Some routes requiring tight turns on narrow streets are operated with 35-foot rather than 40 or 45-foot buses. All fixed route buses are equipped with air conditioning, next stop LCD screens, automated stop announcement systems and CAD/AVL systems.

DR bus assignment take into account the characteristics of the pick-up and drop-off location for each client and whether the clients have a mobility device or not. The DR service is provide in two types of vehicle; Low Floor Minivans and Ford F250 Cutaways.

Transit Amenities Policy
Installation of transit amenities along bus routes are based on the number of passenger boardings at stops and stations along those routes. DR service does not have transit amenities but an assessment is done and reported to dispatch if there are any safety issue when we pick up or drop-off passenger. These issues are then inputted in our dispatch system and is noted on each drivers manifest the service that location.

Appendix H  POLICY AND PROCEDURES FOR PUBLIC COMMENT REGARDING FARE OR SERVICE CHANGES

ORIGINALLY ADOPTED: September 8, 2012
REVISION DATE: March 7, 2018

The San Luis Obispo Regional Transit Authority (RTA) recognizes the importance of considering public input prior to implementing changes to fares and/or service levels. The RTA hereby establishes procedures through which public input shall be solicited and considered. These procedures comply with Federal Transit Administration (FTA) regulations for federally supported transit projects. The RTA transit system is supported in part through funds available through the FTA.

Staff would begin the process of proposing changes by working with City Manager(s) and/or County Public Works officials in affected jurisdictions to identify problems, to develop alternatives, and to ultimately determine the optimal solution(s). This is particularly important in cases where fixed route buses would travel along corridors not currently served or where bus stop changes are being proposed.

The RTA requires solicitation of public comment for the following types of fare or major service changes:

**Fare Changes:** Any fare increase or decrease is considered a major change and requires solicitation and consideration of public comments.

**Fixed Route Service Changes:** A change in fixed route transit service is considered a major change if any of the following pertain to the change:

- **Major Service Restructuring or Realignment:** Significant restructuring or realignment of service would include changes to routes that affect at least 25% of the existing route mileage, or relocation or elimination of the existing timed transfer points. Installation of a new bus stop or elimination of existing bus stop is not considered a major service restructuring or realignment.

- **Major Service Reduction:** A major service reduction includes an increase in service headways, decrease in daily operating hours or span of service, or reduction in service days.

**ADA Paratransit (Runabout) Service Changes:** A change in Runabout service is considered a major change if any of the following pertain to the change:

- **Service Reduction:** A major service reduction is defined as any reduction in span of service (operating hours), reduction in days on which service is available, or reduction in the area served by Runabout.

- **Service Availability:** A major change in service availability is defined as the introduction of revised eligibility criteria for access to the service or introduction...
of significant changes in procedures for service participation (e.g., introduction of a more rigorous application process).

In all cases defined above, the RTA shall adhere to the following procedures to solicit public input:

- Begin the process of proposing changes by working with City Manager(s) and/or County Public Works officials in affected jurisdictions to determine the optimal solution(s). This is particularly important in cases where fixed route buses would travel along corridors not currently served or where bus stop changes are being proposed.

- Schedule informational meetings to solicit public comment at the Transit Centers during busy boarding times (preferable to busy departure times) and talk to fixed route riders. Staff will include informational materials available for take-away if relevant.

- Inform fixed route riders about upcoming changes on LCD screens on-board the buses, on social media and company website, as well as at top (30) bus stops with email and phone options for feedback. Where appropriate staff will include an online survey for more guided questions and opportunities for analysis.

- Post announcements on fixed route buses and Runabout vans in both English and Spanish.

- Inform group ticket purchasers of changes via phone discussions, including Department of Social Services, school district offices, senior centers, Chamber of Commerce.

- Inform other transit agencies (Morro Bay, SLO Transit, Atascadero, SMAT).

- Schedule a public hearing by the RTA Board of Directors.

- Publish an advertisement in a newspaper or print addition with general local distribution (SLO Tribune, New Times) announcing the public hearing no less than five (5) days prior to the date of the meeting.

- Post announcements of the public hearing in all RTA fixed route or Runabout vehicles at least five (5) days prior to the date of the meeting.

- Present proposed changes at City Councils in affected areas of the County. Present at the County Board of Supervisors as applicable.

- Send letter to Runabout riders who used the service in the previous six months if the change would affect these riders.

- If a fare change is proposed, staff would include information on the “Purchase Passes” section of the RTA webpage.

- Receive and document comments via telephone, email, US mail, text or delivered in person.
• Report in summary format all information received in the public comment process to the RTA Board of Directors as part of the hearing process.
Appendix I        Title VI Public Poster

Posters are in all vehicles and the administrative office. They are printed on ledger sized paper (11” x 17”) for most locations.

**Title VI Policy:**

Title VI of the Civil Rights Act of 1964 states: “No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.”

San Luis Obispo Regional Transit Authority (RTA) respects civil rights and operates its programs and services without regard to race, color or national origin. Appendix K  Limited English Proficiency (LEP) Plan  
Revised 5-1-19

Introduction
This Limited English Proficiency (LEP) Plan has been prepared to address San Luis Obispo Regional Transit Authority’s (RTA) responsibilities as a recipient of federal financial assistance as they relate to the needs of individuals with limited English language skills. The plan has been prepared in accordance with Title VI of the Civil Rights Act of 1964, Federal Transit Administration Circular 4702.1B dated October 1, 2012, which state that no person shall be subjected to discrimination on the basis of race, color or national origin.

Executive Order 13166, titled Improving Access to Services for Persons with Limited English Proficiency, indicates that differing treatment based upon a person’s inability to speak, read, write or understands English is a type of national origin discrimination. It directs each federal agency to publish guidance for its respective recipients clarifying their obligation to ensure that such discrimination does not take place. This order applies to all state and local agencies which receive federal funds.

Plan Summary
RTA has developed this LEP Plan to help identify reasonable steps for providing language assistance to persons with limited English proficiency who wish to access services provided by RTA. As defined in Executive Order 13166, LEP persons are those who do not speak English as their primary language and have limited ability to read, speak, write or understand English.

This plan outlines how to identify a person who may need language assistance, the ways in which assistance may be provided, staff training that may be required, and how to notify LEP persons that assistance is available.

In order to prepare this plan, RTA undertook the U.S. Department of Transportation (U.S. DOT) four-factor LEP analysis which considers the following factors:

1. The number or proportion of LEP persons in the service area who may be served or are likely to encounter a RTA program, activity or service.
2. The frequency with which LEP persons comes in contact with RTA programs, activities or services.
3. The nature and importance of programs, activities or services provided by RTA to the LEP population.
4. The resources available to RTA and overall cost to provide LEP assistance.

A summary of the results of the RTA four-factor analysis is in the following section.

Four-Factor Analysis

1. The number or proportion of LEP persons in the service area who may be served or are likely to encounter a RTA program, activity or service.

RTA staff reviewed the 2010-2015 America Community Survey Report and determined that 47,780 persons in San Luis Obispo County [18.2% of the population] speak a language other than English. Of this number, 10,271 persons [4%] have limited English proficiency; that is, they speak English “not well” or “not at all.”
In San Luis Obispo County, of those persons with limited English proficiency, 9,473 speak Spanish or Spanish Creole, 487 speak Asian and Pacific Island languages, and 174 speak other Indo-European languages.

2. The frequency with which LEP persons come in contact with RTA programs, activities or services.

RTA assessed the frequency with which staff and drivers have, or could have, contact with LEP persons. This includes documenting phone inquiries and surveying vehicle operators for requests for interpreters and translated documents. To date, the most frequent contact between LEP persons are with dispatchers. Translated documents have included postings on the buses, relating to fares and transit rules written in Spanish. All schedules and ride guides are also written in Spanish.

3. The nature and importance of programs, activities or services provided by RTA to the LEP population.

The largest proportion of LEP individuals in the RTA service area speaks Spanish. Three concentrated areas have been identified in San Luis Obispo County. The City of Paso Robles and City of Atascadero has 9.8% of adult speakers who speak English less than very well. The City of San Luis Obispo has 5.5% of adult speakers who speak English less than very well. And the City of Nipomo has 11.4% of adult speakers who speak English less than very well. Services provided by RTA that are most likely to encounter LEP individuals are the fixed route system which serves the general public and the demand-response (Dial-A-Ride) system which serves primarily senior and disabled persons.

4. The resources available to RTA and overall cost to provide LEP assistance.

RTA assessed its available resources that could be used for providing LEP assistance, including determining how much a professional interpreter and translation service would cost on an as needed basis, which of its documents would be the most valuable to be translated if the need should arise, and taking an inventory of available organizations that RTA could partner with for outreach and translation efforts. The amount of staff and vehicle operating training that might be needed was also considered. Based on the four-factor analysis, RTA developed its LEP Plan as outlined in the following section.
Limited English Proficiency (LEP) Plan Outline

How RTA staff may identify a LEP person who needs language assistance:
1. Examine records to see if requests for language assistance have been received in the past, either at meetings or over the phone, to determine whether language assistance might be needed at future events or meetings.

2. Have a staff person greet participants as they arrive at RTA sponsored events. By informally engaging participants in conversation it is possible to gauge each attendee’s ability to speak and understand English.

3. Have Census Bureau Language Identification Flashcards available at RTA meetings. This will assist RTA in identifying language assistance needs for future events and meetings.

4. Have Census Bureau Language Identification Flashcards on all transit vehicles to assist vehicle operators in identifying specific language assistance needs of passengers. If such individuals are encountered; vehicle operators will be instructed to try to obtain contact information to give to RTA’s management for follow-up.

5. Vehicle operators and other front-line staff, like dispatchers, dial-a-ride schedulers, and service development planners, will be surveyed annually on their experience concerning any contacts with LEP persons during the previous year.

Language Assistance Measures

There are numerous language assistance measures available to LEP persons, including both oral and written language services. There are also various ways in which RTA staff responds to LEP persons, whether in person, by telephone or in writing.

- RTA will provide Hispanic Education and Outreach Programs which will continue to provide vital information to LEP groups on RTA programs and services;

- Network with local human service organizations that provide services to LEP individuals and seek opportunities to provide information on RTA programs and services;

- Provide a bilingual Community Outreach Coordinator at community events, public hearings and Board of Director meetings. Placement of statements in notices and publications that interpreter services are available for these meetings, with 48 hours advance notice per Brown Act;

- Survey bus drivers and other front-line staff, like dispatchers, dial-a-ride schedulers, and service development planners, bi-annually on their experience concerning any contacts with LEP persons during the previous year;

- Provide Language Identification Flashcards onboard the RTA fleet, in Road Supervisor vehicles and at transit systems administrative offices;
- Post the RTA Title VI Policy and LEP Plan on the agency website, www.slorta.org;
- Provide group travel training to LEP persons with the assistance of bilingual staff;
- Include language “Spanish a plus” on bus driver recruitment flyers and onboard recruitment posters;
- When an interpreter is needed for a language other than Spanish, in person or on the telephone, staff will attempt to access language assistance services from a professional translation service or qualified community volunteers. A list of volunteers will need to be developed.

**Staff Training**

The following training will be provided to RTA staff:
1. Information on the RTA Title VI Procedures and LEP responsibilities
2. Description of language assistance services offered to the public
3. Use of Language Identification Flashcards
4. Documentation of language assistance requests
5. How to handle a potential Title VI/LEP complaint?

**Outreach Techniques**

When staff prepares a document or schedules a meeting, for which the target audience is expected to include LEP individuals, then documents, meeting notices, flyers, and agendas will be printed in an alternative language based on the known LEP population. Interpreters may be available as needed.

**Monitoring and Updating the LEP Plan**

RTA will update the LEP as required by U.S. DOT. At minimum, the plan will be reviewed and updated when data from the 2019 America Community Survey Report is available, or when it is clear that higher concentrations of LEP individuals are present in the RTA service area. Updates will include the following:

- The number of documented LEP person contacts encountered annually
- How the needs of LEP persons have been addressed?
- Determination of the current LEP population in the service area
- Determination as to whether the need for translation services has changed
- Determine whether local language assistance programs have been effective and sufficient to meet the need
- Determine whether RTA’s financial resources are sufficient to fund language assistance resources needed
- Determine whether RTA has fully complied with the goals of this LEP Plan
- Determine whether complaints have been received concerning RTA’s failure to meet the needs of LEP individuals
Dissemination of the RTA LEP Plan
A link to the RTA LEP Plan and the Title VI Procedures is included on the RTA website at www.slorta.org.

Any person or agency with internet access will be able to access and download the plan from the RTA website. Alternatively, any person or agency may request a copy of the plan via telephone, fax, mail, or in person and shall be provided a copy of the plan at no cost. LEP individuals may request copies of the plan in translation which RTA will provide, if feasible. VI. LIMITED ENGLISH PROFICIENCY (LEP) PLAN

The RTA has developed a Limited English Proficiency Plan (LEP) to help identify reasonable steps to provide language assistance for LEP persons seeking meaningful access to RTA services as required by Executive Order 13166. A Limited English Proficiency person is one who does not speak English as their primary language and who has a limited ability to read, speak, write, or understand English. This plan has detail procedures on how to identify a person who may need language assistance, the ways in which assistance may be provided, training staff, how to notify LEP persons that assistance is available, and information for future plan updates. In developing the plan RTA’s determined the extent of obligation to provide LEP services, the RTA has undertook the U.S. Department of Transportation four factor LEP analysis which considers the following factors:

1. The number or proportion of LEP persons eligible in the RTA service area who maybe served or likely to encounter an RTA program, activity, or service;
2. The frequency with which LEP individuals come in contact with an RTA service;
3. The nature and importance of the program, activity or service provided by the RTA to the LEP population; and
4. The resources available to RTA and overall costs to provide LEP assistance. See Appendix K for the LEP Plan.

VII. COMMUNITY OUTREACH

As an agency receiving federal financial assistance, we have made the following community outreach efforts:

The RTA holds public meetings bi-monthly. At these meetings the public is welcome to attend and share in discussion with a variety of Community Outreach discussions. Additionally, the RTA works with the other transit agencies in the service area and other stakeholder organizations to review and discuss the planning and have involvement in the decision making process. The RTA from time to time have do on-board survey hand-outs to customers for their feedback about a variety of issues.

The RTA has a policy and procedure for public comment regarding fare or service changes which is included in Appendix H. Below is a summary of specific outreach efforts made since the last Title VI Program submission:

- September 2016 - Public Hearing: Affirm Mitigated Negative Declaration for Paso Bus Yard & Solicit Design Services
- February 2017 – participate in SLOCOG Public Hearing: Unmet Transit Needs
- August - September 2017 - Public Hearing: Disadvantaged Business Enterprise Plan Goal Methodology Update
- September 2017 – Public Workshops: Proposed Changes to Fare Program
- September 2017 - Public Hearing: Consider Certification of CEQA IS/MND Report & NEPA Categorical Exclusion for RTA Maintenance Facility Project
- October 2017 – Customer perception survey completed with over 900 responses
The RTA submits to the California Department of Transportation and Federal Transit Administration annually an application for funding. The application requests funding for both capital and operating assistance. Part of the annual application is a public notice, which includes a 30-day public comment period.

VIII. ACTIVE INVESTIGATION, LAWSUIT OR COMPLAINT

The RTA has had no active investigations, lawsuits or complaints alleging discrimination on the basis of race, color or national origin.

IX. SUBRECIPIENTS MONITORING

Primary recipients shall ensure subrecipients are complying with Title VI. Subrecipient Title VI program shall be submitted every three years in line with the primary recipient’s program. Subrecipients will also submit annual complaint logs to primary recipient which will be kept in an electronic storage device for further review by FTA as necessary.

Subrecipients shall submit Title VI Programs to the primary recipient from whom they receive funding, in order to assist the primary recipient in its compliance efforts, on a schedule to be determined by the primary recipient. In the event an entity receives funds from more than one primary recipient, the subrecipient shall submit Title VI Programs to all primary recipients from which it receives funds. Chapters III, IV, V, and VI and appendices detail the specific information that shall be included in Title VI Programs, based on recipient characteristics.

The RTA recognizes the need to monitor their subrecipients’ compliance with the FTA circular. The RTA does pass funding to a subrecipient, the City of Atascadero. This relationship necessitates compliance monitoring. The City of Atascadero Title VI program was adopted in 2019.

Subrecipient Assistance and Monitoring

The RTA conducts the following subrecipient procedures and protocols to facilitate subrecipient compliance with C4702.1B:

The Grants department subrecipient management policies and procedures provide instructions and timelines for how the RTA staff monitor subrecipients’ Title VI compliance in accordance with the FTA circular. The procedures state that the RTA staff will:
notify subrecipients of their responsibilities;
offer resources and information as needed, and provide technical assistance as requested, to support subrecipient’s development of a Title VI program;
check in monthly until the subrecipient’s Title VI program is adopted by their governing body;
provide any assistance requested to assist subrecipient’s full implementation of their program; and
conduct annual compliance checks to verify subrecipient’s compliance with their Title VI program.

Subrecipients relies on Title VI Programs of the primary recipient from whom they receive funding, in order to assist the primary recipient in its compliance efforts, on a schedule to be determined by the primary recipient. The subrecipient will put on its website a link to the recipients Title VI program and follow its direction.

The RTA recognizes the need to monitor their subrecipients’ compliance with the FTA circular. The RTA does pass funding to a subrecipient, the City of Atascadero. This relationship necessitates compliance monitoring.

Subrecipient Assistance and Monitoring

The RTA conducts the following subrecipient procedures and protocols to facilitate subrecipient compliance with C4702.1B:

The Grants department subrecipient management policies and procedures provide instructions and timelines for how the RTA staff monitor subrecipients’ Title VI compliance in accordance with the FTA circular. The procedures state that the RTA staff will:

— notify subrecipients of their responsibilities;
— offer resources and information as needed, and provide technical assistance as requested, to support subrecipient’s development of a Title VI program;
— check in monthly until the subrecipient’s Title VI program is adopted by their governing body;
— provide any assistance requested to assist subrecipient’s full implementation of their program; and
— conduct annual compliance checks to verify subrecipient’s compliance with their Title VI program.

X. BOARD DEMOGRAPHICS

RTA board of directors is all elected members. Therefore, this does not apply.

XI. EQUITY ANALYSIS FOR BUILDING SITE

An equity analysis was not required when RTA built the Tenant Improvements for the current operating and maintenance facility seven years ago. This was a pre-existing site that RTA lease
and then did the Tenant Improvement without any federal funds. Therefore, this does not apply.

The RTA is currently in design and engineering for a bus maintenance facility and completed the Equity Analysis was adopted by the RTA Board on July 10, 2019 which included a public hearing. The information can be found on the RTA website: http://www.slorta.org/about-rta/agency-reports/

XII. RESOLUTION APPROVING TITLE VI PLAN

A copy of this resolution can be found in Appendix H of this Plan.

XIII. SERVICE STANDARDS

Vehicle Load Standards
RTA uses a standard of 1.5 ratio as the maximum vehicle load on a peak trip. The average of all loads during the peak operating period should not exceed vehicles’ achievable capacities, which are 36 passengers for a 15’ mini-bus, 55 passengers for low-floor 40-foot buses, and 63 passengers for standard 40-foot buses. The exact maximum passenger capacity may be affected by specific manufacturer’s recommendations which may be different for certain vehicle types. Demand Response (DR) does not have load standard but we try to maximize boarding to increase efficiencies.

Vehicle Headway Standards
Service operates on regional trunk lines every 60 minutes (more frequently during peak a.m. and p.m. commute times) from early morning to late in the evening, five days a week, with the exception of the less populated North Coast Route #15. On weekends, service operates 5 times per day on Saturdays and 3 times per day on Sundays, throughout RTA’s system. DR service does not allow any passenger to be on a vehicle in a single trip more than two hours. The dispatch software parameter is set to flag dispatchers if a trip is close to or will exceed two hours.

Scheduling involves the consideration of a number of factors including: ridership productivity, transit/pedestrian friendly streets, density of transit-dependent population and activities, relationship to the Regional Transportation Plan, relationship to major transportation developments, land use connectivity, and transportation demand management.

On-Time Performance Standards
Fixed route service is considered on-time if at no point the bus is six or more minutes late. With the introduction of the ITS system in 2016, early departures are now being included in the metric. In addition, every published time-point is now being considered, which gave a more realistic and accurate numbers. The result of the increased accuracy is a decline in the performance metric, not necessarily in the overall service quality. The goal is now 85% or greater set by RTA’s Strategy Business Plan after gaining more reliable information from the ITS system.
RTA continuously monitors on-time performance and system results are published and posted as part of monthly performance reports covering all aspects of operations.

DR service is considered on-time if the van arrives within 30 minutes of the appointed pick-up time. The goal is 95% or greater, and Runabout has surpassed this goal in each month of FY 19, achieving an overall OTP result of 98.79%. Staff will continue to monitor Runabout’s OTP to ensure we continue to achieve this strong result.

Service Availability Standards
RTA try to distribute transit service so that 100% of all regional fixed route service are within a 3/4 mile walk of intercity bus transfer points.

XIII. SERVICE POLICIES

Vehicle Assignment Policy
Fixed Route Bbus assignments take into account the operating characteristics of buses of various lengths, which are matched to the operating characteristics of the route. Local routes with lower ridership may be assigned 15-foot buses rather than the 35, 40 or 45-foot buses. Some routes requiring tight turns on narrow streets are operated with 35-foot rather than 40 or 45-foot buses. All fixed route buses are equipped with air conditioning, next stop LCD screens, automated stop announcement systems and CAD/AVL systems.
DR bus assignment take into account the characteristics of the pick-up and drop-off location for each client and whether the clients have a mobility device or not. The DR service is provide in two types of vehicle; Low Floor Minivans and Ford F250 Cutaways.

All buses are also equipped with air conditioning, automated stop announcement systems and CAD/AVL systems.

Transit Amenities Policy
Installation of transit amenities along bus routes are based on the number of passenger boardings at stops and stations along those routes. DR service does not have transit amenities but an assessment is done and reported to dispatch if there are any safety issue when we pick up or drop-off passenger. These issues are then inputted in our dispatch system and is noted on each drivers manifest the service that location.

Appendix H  POLICY AND PROCEDURES FOR PUBLIC COMMENT REGARDING FARE OR SERVICE CHANGES

ORIGINALLY ADOPTED: September 8, 2012
REVISION DATE: March 7, 2018

The San Luis Obispo Regional Transit Authority (RTA) recognizes the importance of considering public input prior to implementing changes to fares and/or service levels. The RTA hereby establishes procedures through which public input shall be solicited and considered. These procedures comply with Federal Transit Administration (FTA) regulations for federally supported transit projects. The RTA transit system is supported in part through funds available through the FTA.

Staff would begin the process of proposing changes by working with City Manager(s) and/or County Public Works officials in affected jurisdictions to identify problems, to develop alternatives, and to ultimately determine the optimal solution(s). This is particularly important in cases where fixed route buses would travel along corridors not currently served or where bus stop changes are being proposed.

The RTA requires solicitation of public comment for the following types of fare or major service changes:

**Fare Changes:** Any fare increase or decrease is considered a major change and requires solicitation and consideration of public comments.

**Fixed Route Service Changes:** A change in fixed route transit service is considered a major change if any of the following pertain to the change:

- **Major Service Restructuring or Realignment:** Significant restructuring or realignment of service would include changes to routes that affect at least 25% of the existing route mileage, or relocation or elimination of the existing timed transfer points. Installation of a new bus stop or elimination of existing bus stop is not considered a major service restructuring or realignment.

- **Major Service Reduction:** A major service reduction includes an increase in service headways, decrease in daily operating hours or span of service, or reduction in service days.

**ADA Paratransit (Runabout) Service Changes:** A change in Runabout service is considered a major change if any of the following pertain to the change:

- **Service Reduction:** A major service reduction is defined as any reduction in span of service (operating hours), reduction in days on which service is available, or reduction in the area served by Runabout.

- **Service Availability:** A major change in service availability is defined as the introduction of revised eligibility criteria for access to the service or introduction
of significant changes in procedures for service participation (e.g., introduction of a more rigorous application process).

In all cases defined above, the RTA shall adhere to the following procedures to solicit public input:

- Begin the process of proposing changes by working with City Manager(s) and/or County Public Works officials in affected jurisdictions to determine the optimal solution(s). This is particularly important in cases where fixed route buses would travel along corridors not currently served or where bus stop changes are being proposed.

- Schedule informational meetings to solicit public comment at the Transit Centers during busy boarding times (preferable to busy departure times) and talk to fixed route riders. Staff will include informational materials available for take-away if relevant.

- Inform fixed route riders about upcoming changes on LCD screens on-board the buses, on social media and company website, as well as at top (30) bus stops with email and phone options for feedback. Where appropriate staff will include an online survey for more guided questions and opportunities for analysis.

- Post announcements on fixed route buses and Runabout vans in both English and Spanish.

- Inform group ticket purchasers of changes via phone discussions, including Department of Social Services, school district offices, senior centers, Chamber of Commerce.

- Inform other transit agencies (Morro Bay, SLO Transit, Atascadero, SMAT).

- Schedule a public hearing by the RTA Board of Directors.

- Publish an advertisement in a newspaper or print addition with general local distribution (SLO Tribune, New Times) announcing the public hearing no less than five (5) days prior to the date of the meeting.

- Post announcements of the public hearing in all RTA fixed route or Runabout vehicles at least five (5) days prior to the date of the meeting.

- Present proposed changes at City Councils in affected areas of the County. Present at the County Board of Supervisors as applicable.

- Send letter to Runabout riders who used the service in the previous six months if the change would affect these riders.

- If a fare change is proposed, staff would include information on the “Purchase Passes” section of the RTA webpage.

- Receive and document comments via telephone, email, US mail, text or delivered in person.
• Report in summary format all information received in the public comment process to the RTA Board of Directors as part of the hearing process.
Appendix I          Title VI Public Poster
Posters are in all vehicles and the administrative office. They are printed on ledger sized paper (11” x 17”) for most locations.

Limited English Proficiency (LEP) Plan
Revised 5-1-19

Introduction
This Limited English Proficiency (LEP) Plan has been prepared to address San Luis Obispo Regional Transit Authority’s (RTA) responsibilities as a recipient of federal financial assistance as they relate to the needs of individuals with limited English language skills. The plan has been prepared in accordance with Title VI of the Civil Rights Act of 1964, Federal Transit Administration Circular 4702.1B dated October 1, 2012, which state that no person shall be subjected to discrimination on the basis of race, color or national origin.

Executive Order 13166, titled Improving Access to Services for Persons with Limited English Proficiency, indicates that differing treatment based upon a person’s inability to speak, read, write or understands English is a type of national origin discrimination. It directs each federal agency to publish guidance for its respective recipients clarifying their obligation to ensure that such discrimination does not take place. This order applies to all state and local agencies which receive federal funds.

Plan Summary
RTA has developed this LEP Plan to help identify reasonable steps for providing language assistance to persons with limited English proficiency who wish to access services provided by RTA. As defined in Executive Order 13166, LEP persons are those who do not speak English as their primary language and have limited ability to read, speak, write or understand English.

This plan outlines how to identify a person who may need language assistance, the ways in which assistance may be provided, staff training that may be required, and how to notify LEP persons that assistance is available.

In order to prepare this plan, RTA undertook the U.S. Department of Transportation (U.S. DOT) four-factor LEP analysis which considers the following factors:

1. The number or proportion of LEP persons in the service area who may be served or are likely to encounter a RTA program, activity or service.
2. The frequency with which LEP persons comes in contact with RTA programs, activities or services.
3. The nature and importance of programs, activities or services provided by RTA to the LEP population.
4. The resources available to RTA and overall cost to provide LEP assistance.

A summary of the results of the RTA four-factor analysis is in the following section.

Four-Factor Analysis

1. The number or proportion of LEP persons in the service area who may be served or are likely to encounter a RTA program, activity or service.

RTA staff reviewed the 2010-2015 America Community Survey Report and determined that 47,780 persons in San Luis Obispo County [18.2% of the population] speak a language other than English. Of this number, 10,271 persons [4%] have limited English proficiency; that is, they speak English “not well” or “not at all.”
In San Luis Obispo County, of those persons with limited English proficiency, 9,473 speak Spanish or Spanish Creole, 487 speak Asian and Pacific Island languages, and 174 speak other Indo-European languages.

2. The frequency with which LEP persons come in contact with RTA programs, activities or services.

RTA assessed the frequency with which staff and drivers have, or could have, contact with LEP persons. This includes documenting phone inquiries and surveying vehicle operators for requests for interpreters and translated documents. To date, the most frequent contact between LEP persons are with dispatchers. Translated documents have included postings on the buses, relating to fares and transit rules written in Spanish. All schedules and ride guides are also written in Spanish.

3. The nature and importance of programs, activities or services provided by RTA to the LEP population.

The largest proportion of LEP individuals in the RTA service area speaks Spanish. Three concentrated areas have been identified in San Luis Obispo County. The City of Paso Robles and City of Atascadero has 9.8% of adult speakers who speak English less than very well. The City of San Luis Obispo has 5.5% of adult speakers who speak English less than very well. And the City of Nipomo has 11.4% of adult speakers who speak English less than very well. Services provided by RTA that are most likely to encounter LEP individuals are the fixed route system which serves the general public and the demand-response (Dial-A-Ride) system which serves primarily senior and disabled persons.

4. The resources available to RTA and overall cost to provide LEP assistance.

RTA assessed its available resources that could be used for providing LEP assistance, including determining how much a professional interpreter and translation service would cost on an as needed basis, which of its documents would be the most valuable to be translated if the need should arise, and taking an inventory of available organizations that RTA could partner with for outreach and translation efforts. The amount of staff and vehicle operating training that might be needed was also considered. Based on the four-factor analysis, RTA developed its LEP Plan as outlined in the following section.
Limited English Proficiency (LEP) Plan Outline

How RTA staff may identify a LEP person who needs language assistance:

1. Examine records to see if requests for language assistance have been received in the past, either at meetings or over the phone, to determine whether language assistance might be needed at future events or meetings.

2. Have a staff person greet participants as they arrive at RTA sponsored events. By informally engaging participants in conversation it is possible to gauge each attendee’s ability to speak and understand English.

3. Have Census Bureau Language Identification Flashcards available at RTA meetings. This will assist RTA in identifying language assistance needs for future events and meetings.

4. Have Census Bureau Language Identification Flashcards on all transit vehicles to assist vehicle operators in identifying specific language assistance needs of passengers. If such individuals are encountered; vehicle operators will be instructed to try to obtain contact information to give to RTA’s management for follow-up.

5. Vehicle operators and other front-line staff, like dispatchers, dial-a-ride schedulers, and service development planners, will be surveyed annually on their experience concerning any contacts with LEP persons during the previous year.

Language Assistance Measures

There are numerous language assistance measures available to LEP persons, including both oral and written language services. There are also various ways in which RTA staff responds to LEP persons, whether in person, by telephone or in writing.

- RTA will provide Hispanic Education and Outreach Programs which will continue to provide vital information to LEP groups on RTA programs and services;

- Network with local human service organizations that provide services to LEP individuals and seek opportunities to provide information on RTA programs and services;

- Provide a bilingual Community Outreach Coordinator at community events, public hearings and Board of Director meetings. Placement of statements in notices and publications that interpreter services are available for these meetings, with 48 hours advance notice per Brown Act;

- Survey bus drivers and other front-line staff, like dispatchers, dial-a-ride schedulers, and service development planners, bi-annually on their experience concerning any contacts with LEP persons during the previous year;

- Provide Language Identification Flashcards onboard the RTA fleet, in Road Supervisor vehicles and at transit systems administrative offices;
• Post the RTA Title VI Policy and LEP Plan on the agency website, www.slorta.org;

• Provide group travel training to LEP persons with the assistance of bilingual staff;

• Include language “Spanish a plus” on bus driver recruitment flyers and onboard recruitment posters;

• When an interpreter is needed for a language other than Spanish, in person or on the telephone, staff will attempt to access language assistance services from a professional translation service or qualified community volunteers. A list of volunteers will need to be developed.

Staff Training
The following training will be provided to RTA staff:
1. Information on the RTA Title VI Procedures and LEP responsibilities
2. Description of language assistance services offered to the public
3. Use of Language Identification Flashcards
4. Documentation of language assistance requests
5. How to handle a potential Title VI/LEP complaint?

Outreach Techniques
When staff prepares a document or schedules a meeting, for which the target audience is expected to include LEP individuals, then documents, meeting notices, flyers, and agendas will be printed in an alternative language based on the known LEP population. Interpreters may be available as needed.

Monitoring and Updating the LEP Plan
RTA will update the LEP as required by U.S. DOT. At minimum, the plan will be reviewed and updated when data from the 2019 America Community Survey Report is available, or when it is clear that higher concentrations of LEP individuals are present in the RTA service area. Updates will include the following:

• The number of documented LEP person contacts encountered annually
• How the needs of LEP persons have been addressed?
• Determination of the current LEP population in the service area
• Determination as to whether the need for translation services has changed
• Determine whether local language assistance programs have been effective and sufficient to meet the need
• Determine whether RTA’s financial resources are sufficient to fund language assistance resources needed
• Determine whether RTA has fully complied with the goals of this LEP Plan
• Determine whether complaints have been received concerning RTA’s failure to meet the needs of LEP individuals

Dissemination of the RTA LEP Plan
A link to the RTA LEP Plan and the Title VI Procedures is included on the RTA website at
www.slorta.org.

Any person or agency with internet access will be able to access and download the plan from the RTA website. Alternatively, any person or agency may request a copy of the plan via telephone, fax, mail, or in person and shall be provided a copy of the plan at no cost. LEP individuals may request copies of the plan in translation which RTA will provide, if feasible. Questions or comments regarding the LEP Plan may be submitted to the San Luis Obispo Regional Transit Authority, Title VI Coordinator:

AGENDA ITEM: C-4

TOPIC: Purchase Replacement Engine

PRESENTED BY: Geoff Straw, Executive Director

STAFF RECOMMENDATION: Authorize the Executive Director to execute the Attached Agreement with Cummins of Fresno and Begin the Engine Replacement Process

BACKGROUND/DISCUSSION:
The RTA’s fleet of heavy-duty buses currently used in fixed-route operations are all diesel-powered. As part of our purchase of 2013 Gillig low-floor buses, we purchased a spare engine to minimize downtime when an engine becomes too worn-out to continue in service. However, that spare engine cannot be used as a replacement in our older buses, which include two 2008 Gillig Phantom buses (fleet numbers 167 and 168) and one 2011 Eldorado bus (1101).

The engine in bus number 168 has failed after operating in revenue service for 561,924 miles. Technically, this bus is eligible for replacement under federal funding requirements, since it has surpassed the economically useful design life of 12 years or 500,000 miles – whichever comes first. However, the chassis and all other major components are in good shape and it has been our practice to operate heavy-duty far beyond the design life (in terms of miles) than the federal standard; we have operated some buses beyond 1 million miles. While we have contracted for in-frame rebuilds in the past, a narrow warranty window is provided and the downtime is often counted in months rather than weeks. As such, we are recommending that a factory reconditioned Cummins engine be installed by an outside vendor. The reconditioned engine comes with a two-year / unlimited miles warranty. Based on our average of 60,000 miles per year per bus, this recommended action will result in a vehicle mileage of roughly 680,000 miles at the end of the warranty period.

The total cost, including delivery of the bus to/from Fresno, is $42,471.47. This will be funded using an existing FTA grant that includes the local match. It should be noted that the other 2008 Gillig Phantom bus (number 167) is also demonstrating the precursors of a “tired” engine, and it will likely need replacement once it fails our maintenance testing thresholds; funding is in an FTA grant to replace that engine, too, in the coming months.

Staff Recommendation
Authorize the Executive Director to execute the attached agreement with Cummins of Fresno, and begin the engine replacement process.

The CONTRACTOR shall furnish the RTA with all the materials, equipment and services called for under this Agreement, and perform all other work, if any, described in the Contract Specifications.

It is further understood that the term of Contract is subject to the RTA’s right to terminate the Contract in accordance with Section 20 of this Agreement.

4. OWNERSHIP OF WORK

All reports, designs, drawings, plans, specifications, schedules, and other materials
prepared, or in the process of being prepared for the services to be performed by CONTRACTOR are and shall be the property of the RTA. The RTA shall be entitled to copies and access to these materials during the progress of the work. Any such materials remaining in the hands of the CONTRACTOR or in the hands of any subcontractor upon completion or termination of the work shall be immediately delivered to the RTA. If any materials are lost, damaged, or destroyed before final delivery to the RTA, the CONTRACTOR shall replace them at its own expense and the CONTRACTOR assumes all risks of loss, damage, or destruction of or to such materials. The CONTRACTOR may retain a copy of all material produced under this Agreement for its use in its general business activities.

5. **CONFIDENTIALITY**

Any RTA materials to which the CONTRACTOR has access or materials prepared by the CONTRACTOR during the course of this Agreement ("confidential information") shall be held in confidence by the CONTRACTOR, who shall exercise all reasonable precautions to prevent the disclosure of confidential information to anyone except the officers, employees and agents of the CONTRACTOR as necessary to accomplish the rendition of services set forth in Section 2 of this Agreement.

The CONTRACTOR shall not release any reports, information, or promotional materials prepared in connection with this Agreement, whether deemed confidential or not, without the approval of the RTA’s Special Projects Coordinator.

6. **USE OF SUBCONTRACTORS**

The CONTRACTOR shall not change subcontractors for any services to be performed by it under this Agreement without the prior written approval of the RTA, except for service firms engaged in drawing, reprographics, typing, and printing. 8. **CHANGES**

The RTA may make changes at any time, by written order, within the scope of services
described in this Agreement. If such changes cause an increase or decrease in the budgeted cost of or the time required for performance of the agreed upon work, an equitable adjustment as mutually agreed shall be made in the limit on compensation as set forth in Section 16 of this Agreement. In the event that CONTRACTOR encounters any unanticipated conditions or contingencies that may affect the scope of work or services and result in an adjustment in the amount of compensation specified herein, or identifies any RTA conduct (including actions, inaction, and written or oral communications other than a formal contract modification) that the CONTRACTOR regards as a change to the contract terms and conditions, CONTRACTOR shall so advise the RTA immediately upon notice of such condition or contingency. The written notice shall explain the circumstances giving rise to the unforeseen condition or contingency and shall set forth the proposed adjustment in compensation. This notice shall be given to the RTA prior to the time that CONTRACTOR performs work or services related to the proposed adjustment in compensation. The pertinent changes shall be expressed in a written supplement to this Agreement prior to implementation of such changes. Failure to provide written notice and receive RTA approval for extra work prior to performing extra work may, at the RTA’s sole discretion, result in nonpayment of the invoices reflecting such work.

9. CLAIMS OR DISPUTES

The CONTRACTOR shall be solely responsible for providing timely written notice to RTA of any claims for additional compensation and/or time in accordance with the provisions of this Agreement. It is the RTA’S intent to investigate and attempt to resolve any CONTRACTOR claims before the CONTRACTOR has performed any disputed work. Therefore, CONTRACTOR’s failure to provide timely notice shall constitute a waiver of CONTRACTOR’s claims for additional compensation and/or time.

The CONTRACTOR shall not be entitled to the payment of any additional compensation for any cause, including any act, or failure to act, by the RTA, or the failure or refusal to issue a modification, or the happening of any event, thing, or occurrence, unless it has given the RTA due written notice of potential claim. The potential claim shall set forth the reasons for which the CONTRACTOR believes additional compensation may be due, the nature of the costs involved, and the amount of the potential claim.

If based on an act or failure to act by the RTA, such notice shall be given to the RTA prior to the time that the CONTRACTOR has started performance of the work giving rise to the potential claim for additional compensation. In all other cases, notice shall be given within 10 days after the happening of the event or occurrence giving rise to the potential claim.
If there is a dispute over any claim, the CONTRACTOR shall continue to work during the dispute resolution process in a diligent and timely manner as directed by the RTA, and shall be governed by all applicable provisions of the Contract. The CONTRACTOR shall maintain cost records of all work that is the basis of any dispute.

If an agreement can be reached which resolves the CONTRACTOR claim, the parties will execute a Contract modification to document the resolution of the claim. 10. **DISADVANTAGED BUSINESS ENTERPRISES**

The RTA, as a recipient of Federal financial assistance from the Federal Transit Administration (FTA) and the Federal Highway Administration (FHWA), is committed to and has adopted a Disadvantaged Business Enterprise (DBE) Program for Contracts in accordance with Federal regulations 49 CFR §26, issued by the U.S. Department of Transportation (DOT). The current DBE participation goal is 5.1%.

It is the policy of the RTA to ensure non-discrimination in the award and administration of all contracts and to create a level playing field on which Disadvantaged Business Enterprises (DBE) can compete fairly for contracts and subcontracts relating to the RTA’S construction, procurement, and professional services activities. To this end, the RTA has developed procedures to remove barriers to DBE participation in the Proposal and award process and to assist DBEs to develop and compete successfully outside of the DBE Program. Concerning the performance of this contract, the CONTRACTOR will cooperate with the RTA in meeting these commitments and objectives.

Pursuant to 49 CFR §26.13, and as a material term of any agreement with the RTA, the CONTRACTOR hereby makes the following assurance and agrees to include this assurance in any agreements it makes with subcontractors in the performance of this contract:

“The CONTRACTOR or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The CONTRACTOR shall carry out applicable requirements of 49 CFR §26 in the award and administration of U.S. DOT-assisted contracts. Failure by the CONTRACTOR or subcontractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy, as the RTA deems appropriate.”
11. **EQUAL EMPLOYMENT OPPORTUNITY (EEO)**

In connection with the performance of this Agreement the CONTRACTOR shall not discriminate against any employee or applicant for employment because of race, color, religion, national origin, ancestry, sex, gender, sexual orientation, age (over 40), marital status, pregnancy, medical condition, or disability as specified in federal, State, and local laws. The CONTRACTOR shall take affirmative actions to ensure that applicants are employed, and that employees are treated during their employment, without regard to their race, religion, color, sex, disability, or national origin. Such actions shall include, but not be limited to, the following: employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. CONTRACTOR further agrees to insert a similar provision in all subcontracts, except subcontracts for standard commercial supplies or raw materials.

12. **CONFLICT OF INTEREST**

Depending on the nature of the work performed, a CONTRACTOR of the RTA is subject to the same conflict of interest prohibitions established by the Federal Transit Administration and California law that govern RTA employees and officials (Cal. Govt. Code Section 1090 et seq. and Cal. Govt. Code Section 87100 et seq.). During the Proposal process or the term of the Agreement, CONTRACTOR and their employees may be required to disclose financial interests.

The CONTRACTOR warrants and represents that it presently has no interest and agrees that it will not acquire any interest that would present a conflict of interest under California Government Code §1090 et seq. or §87100 et seq. during the performance of services under this Agreement. The CONTRACTOR further covenants that it will not knowingly employ any person having such an interest in the performance of this Agreement. Violation of this provision may result in this Agreement being deemed void and unenforceable.

Depending on the nature of the work performed, CONTRACTOR may be required to publicly disclose financial interests under the RTA’s Conflict of Interest Code. Upon receipt, the CONTRACTOR agrees to promptly submit a Statement of Economic Interest on the form provided by RTA.

No person previously in the position of Director, Officer, employee or agent of the RTA may act as an agent or attorney for, or otherwise represent the CONTRACTOR by making any formal or informal appearance, or any oral or written communication,
before the RTA, or any Officer or employee of the RTA, for a period of twelve months after leaving office or employment with the RTA if the appearance or communication is made for the purpose of influencing any action involving the issuance, amendment, award or revocation of a permit, license, grant, or contract.

13. **PROHIBITED INTEREST**

No member, officer, or employee of the RTA during his or her tenure or for one year after that tenure shall have any interest, direct or indirect, in this Agreement or the proceeds under this Agreement, nor shall any such person act as an agent or attorney for, or otherwise represent, a Proposer or Contractor/Consultant by making a formal or informal appearance, or any oral or written communication, before the RTA, or any officer or employee of the RTA, for a period of one year after leaving office or employment with the RTA if the appearance or communication is made for the purpose of influencing any action involving the issuance, amendment, award or revocation of a Contract.

14. **RESPONSIBILITY: INDEMNIFICATION**

The CONTRACTOR shall indemnify, keep and save harmless the RTA, and its directors, officers, agents and employees against any and all suits, claims, or actions arising out of any injury to persons or property, including but not limited to damages arising from the infringement of intellectual property rights of third parties, that may occur, or that may be alleged to have occurred, arising from the performance of this Agreement by the CONTRACTOR caused by a negligent act or omission of the CONTRACTOR or its employees, subcontractors or agents. The CONTRACTOR further agrees to defend any and all such actions, suits, or claims and pay all charges of attorneys and all other incurred costs and expenses. If any judgment is rendered against the RTA or any of the other individuals enumerated above in any such action, CONTRACTOR shall, at its expense, satisfy and discharge the same. This indemnification shall survive termination or expiration of this Agreement.

15. **INSURANCE**

The insurance requirements specified in this section shall apply to CONTRACTOR and any subcontractors, suppliers, temporary workers, independent contractors, leased employees, or any other persons, firms or corporations that CONTRACTOR authorizes to work under this Agreement (hereinafter collectively referred to as “Agents”). CONTRACTOR is required to procure and maintain at its sole cost and expense the insurance coverages subject to all of the requirements set forth below. CONTRACTOR is also required to assess the risks associated with the work to be performed by Agents
under subcontract and to include in every subcontract the requirement that the Agent maintain adequate insurance coverages with appropriate limits and endorsements to cover risks; the limit for the commercial general liability insurance in each subcontract shall not be less than $1 million. Such insurance shall remain in full force and effect throughout the term of this Agreement. To the extent that any Agent does not procure and maintain such insurance coverage, CONTRACTOR shall be responsible for said coverage and assume any and all costs and expenses that may be incurred in securing said coverage or in fulfilling CONTRACTOR’s indemnity obligation as to itself or any of its Agents in the absence of coverage. In the event CONTRACTOR or its Agents procure excess or umbrella coverage to maintain certain requirements outlined below, these policies shall also satisfy all specified endorsements and stipulations, including provisions that the CONTRACTOR’s insurance be primary without any right of contribution from the RTA. Prior to beginning work under this contract, CONTRACTOR shall provide the RTA with satisfactory evidence of compliance with the insurance requirements of this section.

Said policy shall protect CONTRACTOR and the RTA in the same manner as though a separate policy had been issued to each, but nothing in said policy shall operate to increase the insurance company's liability as set forth in its policy beyond the amount or amounts shown or to which the insurance company would have been liable if only one interest had been named as an insured.

4. Failure to Maintain Insurance

All insurance specified above shall remain in force until all work to be performed is satisfactorily completed, all of CONTRACTOR's personnel and equipment have been removed from the RTA property, and the work has been formally accepted. The failure to procure or maintain required insurance and/or an adequately funded self-insurance program will constitute a material breach of this Agreement.

E. Claims Made Coverage

If any insurance specified above shall be provided on a claim-made basis, then in addition to coverage requirements above, such policy shall provide that:

1. Policy retroactive date coincides with or precedes the CONTRACTOR's start of work (including subsequent policies purchased as renewals or replacements).

2. CONTRACTOR shall make every effort to maintain similar insurance for at least three years following project completion, including the requirement of adding all named insureds.

3. If insurance is terminated for any reason, CONTRACTOR agrees to purchase an extended reporting provision of at least three years to report claims arising from work performed in connection with this Agreement.

1. SCOPE OF SERVICES. Customer shall supply parts (and/or component(s) and/or engine(s) and/or generator(s)) ("Goods") and/or perform the maintenance and/or repair ("Services") on the equipment identified in the Quote and/or Invoice ("Equipment"), if applicable, in accordance with the specifications in the Quote and/or Invoice. No additional services or goods are included in this Agreement unless agreed upon by the parties in writing, or otherwise, as applicable.

2. CUSTOMER OBLIGATIONS. If necessary, Customer shall provide Cummins safe and free access to Customer's site and arrange for all related services and utilities necessary for Cummins to safely and freely perform the Services. During the performance of the Services, Customer shall fully and completely secure all or any part of any facility where the Equipment is loaded to remove and mitigate any and all safety issues and risks, including but not limited to injury to facility occupants, customers, invitees, or any third party and property damage or work interruption arising out of the Services. If applicable, Customer shall make all necessary arrangements to address and mitigate the consequences of any electrical service interruption which might occur during the Services. Customer is responsible for operating and maintaining the Equipment in accordance with the owner's manual for the Equipment.

3. INVOICING AND PAYMENT. Unless otherwise agreed to by the parties in writing and subject to credit approval by Cummins, payments are due thirty (30) days from the date of Invoice. If Customer does not have approved credit with Cummins, as solely determined by Cummins, payments are due in advance or at the time of delivery of the Goods and/or Services. If payment is not received when due, in addition to any other rights Cummins may have at law, Cummins may charge Customer eighteen percent (18%) Interest annually on late payments, or the maximum amount allowed by law. Customer agrees to pay all Cummins' costs and expenses (including all reasonable attorneys' fees) related to Cummins' enforcement and collection of unpaid invoices, or any other enforcement of this Agreement by Cummins.

4. TAXES: EXEMPTIONS. The Invoice includes all applicable local, state, or federal sales and/or use or similar taxes which Cummins is required by applicable laws to collect from Customer under this Agreement. Customer must provide a valid tax exemption certificate or direct payment certificate prior to shipment of the Goods or performance of the Services, or such taxes will be included in the Invoice.

5. DELIVERY; TITLE AND RISK OF LOSS. Unless otherwise agreed in writing by the parties, any Goods supplied under this Agreement shall be delivered FOB Origin, freight prepaid to the first destination. If agreed, any charges for third party freight are subject to adjustment to reflect any change in price at time of shipment. Unless otherwise agreed to, packaging method, shipping documents and manner, mode and carrier and delivery shall be as Cummins deems appropriate. All shipments are made within normal business hours, Monday through Friday. Unless otherwise agreed in writing by the parties, title and risk of loss for any Goods sold under this Agreement shall pass to Customer upon delivery of Goods by Cummins to freight carrier or to Customer upon pickup at Cummins' facility.

6. DELAYS. Any delivery, shipping, installation, or performance dates indicated in this Agreement are estimated and not guaranteed. Further, delivery time is subject to confirmation at time of order. Cummins shall not be liable to Customer or any third party for any loss, damage, or expense suffered by Customer or third party if any delay in delivery, shipping, installation, or performance, however occasioned, including any delays in performance that result directly or indirectly from acts of 'Customer or causes beyond Cummins' control, including but not limited to acts of god, accidents, fires, explosions, floods, unforeseen weather conditions, acts of government authority, or labor disputes.

New Goods supplied during the warranty period of Warrantable Defects are warranted for the balance of the warranty period only still available from the original warranty of such Goods.

e. Used Goods: Used Goods are sold "as is, where is" unless exception is made in writing between Cummins and Customer. Customer agrees to inspect all used Goods before completing the purchase.

f. REMEDIES FOR BREACH OF CONTRACT: IN ADDITION TO THE RELIEF PROVIDED UNDER THE PRECEDING PARAGRAPHS, AND ANY OTHER REMEDY AVAILABLE TO THE NON-breaching PARTY UNDER THIS AGREEMENT, IN NO EVENT SHALL CUMMINS' LIABILITY TO CUSTOMER UNDER THIS AGREEMENT EXCEED THE TOTAL COST OF GOODS AND SERVICES SUPPLIED BY CUMMINS UNDER THIS AGREEMENT GIVING RISE TO THE CLAIM. Credits for returns will be subject to return within thirty (30) days of receipt and in the original packaging and shipped freight prepaid to Cummins.

14. INTELLECTUAL PROPERTY. Any intellectual property rights created by either party, whether independently or jointly, in the course of the performance of this Agreement or otherwise related to Cummins pre-existing intellectual property or subject matter related thereto shall be owned by the party that created such intellectual property. Any Cummins pre-existing intellectual property shall remain Cummins' property. Nothing in this Agreement shall be deemed to have given Customer a license or any other rights to use any of the intellectual property rights of Cummins.

15. COMPLIANCE WITH LAWS. Customer shall comply with all laws applicable to its activities under this Agreement, including, without limitation, any and all applicable national, provincial, and local, anti-trust, environmental, health, and safety laws and regulations in effect.
