AGENDA ITEM: B-1

TOPIC: Fiscal Year 2019-20 Capital Budget Amendment

ACTION: Bring FY19-20 Capital Budget Amendment to Board for Approval

PRESENTED BY: Tania Arnold

STAFF RECOMMENDATION: Recommend Approval of Capital Budget Amendment

SUMMARY:
The Fiscal Year 2019-20 RTA operating and capital budget was adopted on May 1, 2019 and was based on a range of assumptions, including pending delivery dates for FY18-19 capital projects. At this time, staff is bringing back capital items that are being carried over from FY18-19 to FY19-20. Please note, none of the carried-over capital project require additional funds.

The following is a detailed description of the proposed budget adjustments that have been incorporated and highlighted in the amended budget on the following pages with financial implications noted in the descriptions below.

1. Computer System Maintenance/Upgrades: $9,500 comprised of State Transit Assistance (STA) Funds used for computer replacements.

2. Maintenance Equipment: $25,310 funded with Federal Transit Assistance (FTA) Section 5307 Funds and STA for items such as a parts washer to improve the safety and efficiency of the shop.

3. Specialized Maintenance Tools: $85,200 funded with FTA Section 5307 and STA for specialized shop tools, mobile column vehicle lift, and heavy-duty floor scrubber.

4. Vehicle Intelligent Transportation System: $17,350 funded with Proposition 1B Safety and Security funding to implement continued improvements to the Transit Tracker system.

5. Bus Stop Improvements / Bus Stop Solar Lighting: $136,860 funded with a mix of Proposition 1B Safety and Security, FTA Section 5307 and FTA Section 5339 to
complete the downtown transit center improvements and the improvements identified in the Bus Stop Improvement Plan adopted by the Board in March 2017.

6. Support Vehicle: $18,000 comprised of STA Funds used for the purchase of a replacement staff support vehicle.

7. Cutaway and Dial-A-Ride Vehicles: $5,000 comprised of STA Funds for the purchase of replacement mobile data tablets.

8. Short Range Transit Plan – Nipomo: $22,750 comprised of STA Funds for the County portion of the Short Range Transit Plan currently being conducted for South County Transit and the County Dial A Ride programs.

9. Bus Maintenance Facility Project: $1,762,190 which includes funding FTA Section 5307, STA SB1 State of Good Repair, and STA SB1 Augmentation for design and engineering.

As noted above, the net effect for the above referenced budget adjustments results in no financial impact on the jurisdictions.

Note that on September 25, 2018 the RTA was allocated a Department of Transportation grant to help fund the new RTA Bus Garage facility that is currently in design. The amount awarded was $6.285 million, which was the largest grant amount awarded in California and was made possible by a unique community partnerships between the RTA, SLOCOG, CAPSLO, and the City and County of San Luis Obispo. These funds are not included in this budget amendment, since it will be used for construction which will be occurring after the current fiscal year.

**Staff Recommendation**
Recommend the Board approve the budget amendment as indicated in the staff report.

San Luis Obispo Regional Transit Authority
Executive Committee Meeting
Draft Minutes 08/14/19
C-1

Members Present: Fred Strong, City of Paso Robles, President
                 John Peschong, District 1 Supervisor, Vice President
                 Ed Waage, City of Pismo Beach

Members Absent:

Staff Present: Geoff Straw, Executive Director
               Jon Ansolabehere, County Counsel
               Chelsea Sperakos, Administrative Assistant

Also Present: Eric Greening
              Pete Rodgers, SLOCOG Executive Director

1. Call to Order and Roll Call:
   President Fred Strong called the meeting to order at 12:00 PM. A silent roll call was taken and a quorum was present.

2. Public Comments:
   Mr. Eric Greening stated that he was on Route 9 as it left the Atascadero post office and the bus was at full capacity with wheelchairs; he asked if RTA tracks wheelchair/mobility items capacity on buses to prepare for extra wheelchairs. Does RTA have a policy/procedure when the bus is full and another person in a wheelchair is at the next stop?

   Mr. Geoff Straw stated that the additional wheelchair is called in and a Runabout driver or road supervisor in the area will provide a courtesy transport if possible for the passenger within 15 to 20 minutes. Retired Runabout vehicles are used by supervisors to assist ADA passengers and to address full bike racks (when possible).
3. **Information Items:**
   
   **A-1 Executive Director’s Report (Verbal; Receive)**
   
   Mr. Straw stated there is a battery electric bus (BEB) demonstration coming next week; the previous demo BEB did not do well over the grade, so RTA needs to conduct more trial runs to test the vehicles. This demonstration will be a full seated passenger capacity test of the BEB’s performance on Route 9N; Board members are invited to ride on BEB. RTA has hired Melissa Mudgett as Grants & Finance Manager; she started August 5th. She had previously worked for SLO City and has grants management experience. The Government Center passenger facility improvements grant went through; RTA is expecting to take the project to bid for construction, and by next meeting will have fully negotiated contract. Cuesta College is provided fare-free service for first 2 weeks; this a result of a partnership between RTA and Cuesta where each pay half of the foregone fares.

   President Strong asked if the Government Center grant is a totally different grant than what was awarded for the Bus Maintenance Facility project. Mr. Straw stated that the funds for the Government Center project is bus stop improvements money that has been collected for 4 years; the Bus Maintenance Facility project is being separately funded.

   **A-2 Schedule for Financing & Construction of Bus Maintenance Facility (Receive)**
   
   Mr. Straw stated that the grant application for FTA Section 5339(b) is still pending; the funding will need to be ready for construction in March 2020.

   President Strong asked if there is a backup plan if we don’t get the grant.

   Mr. Straw stated that if we don’t get the grant we use TIFIA; RTA admin will need to make a trip in October to DC. RTA would be the first rural TIFIA-funded project in the nation.

   Mr. Pete Rodgers stated that he is meeting with Salud Carbajal at the end of the month and will bring the project up for discussion.

   Mr. Greening asked if there overlap between construction for bus garage and construction of the overpass, and if those projects will interfere with each other.

   Mr. Straw stated that there is no interference between the projects; RTA is still negotiating with the City of SLO on the Elks Lane realignment portion of the project.

4. **Action Items:**
   
   **B-1 Authorize Procurement of Bus Garage Construction Management Services (Action)**
   
   Mr. Straw stated that this item is budgeted for and fully funded; RTA is requesting the authority to go out to bid and have construction management services on site.

   Board Member Ed Waage made a motion to approve agenda item B-1 and President Strong seconded the motion. The motion passed via voice vote.

5. **Consent Items:**
   
   **C-1 Executive Committee Meeting Minutes of February 6, 2019 (Approve)**
Board Member Ed Waage made a motion to approve agenda item C-1 and President Strong seconded the motion. The motion passed via voice vote.

6. Agenda Review:
   September 4, 2019 Draft RTA Board Agenda: The Executive Committee is asked to review and comment on the proposed agenda items.
   a. Information Items
      A-1 Executive Director’s Report (Receive)
      A-2 Schedule for Financing & Construction of Bus Maintenance Facility (Receive)
      A-3 Strategic Business Plan Results (if available; possibly November)
   b. Action Items
      B-1 Agreement with Fluidium for Fixed-Route On-Bus Wi-Fi Services (Approve)
      B-2 Authorize Procurement of Bus Garage Construction Mgt. Services (Approve)
   c. Consent Items
      C-1 RTA Board Meeting Minutes of July 10, 2019 (Approve)
      C-2 RTA Board Meeting Minutes of August 7, 2019 (Approve)
      C-3 Amended Health Insurance MOU (Approve)
   d. Closed Session Items – CONFERENCE WITH LEGAL COUNSEL: It is the intention of the Board to meet in closed session concerning the following items:
      Initiation of litigation pursuant to subdivision (c) of Section 54956.9. One case.

Board Member Ed Waage made a motion to approve the proposed September RTA Board Agenda and President Strong seconded the motion. The motion passed via voice vote.

7. Board Member Comments
   The committee discussed concern with performance of Route 9 and looking for other grant opportunities for electrification of the RTA fleet.

   Mr. Greening asked if RTA has a backup plan regarding loss of power due to a PG&E shutdown, considering that the fleet will soon be electric. Will there be solar panels powering the fleet?

   Mr. Straw stated that the solar panels on site are only intended to electrify the campus. Antelope Valley Transit has a diesel generator that can charge 20 buses, which could be a backup option.

   President Strong stated that when RTA makes the decision for solar provider for the site, the agency should look at State of Hawaii provider that has proven to be successful.

President Strong adjourned the RTA Executive Committee Meeting at 10:32 AM.

Next RTA Executive Committee Meeting: October 9, 2019
Respectfully Submitted,

Chelsea Fowler
Administrative Assistant
