ADA Complementary Paratransit Service

“Runabout”
Operated by RTA

What is Runabout?

Runabout is the name of the ADA complementary paratransit service for San Luis Obispo County. Runabout will take riders directly from their starting location to their destination and back. Riders will be given a time-frame during which they must be ready to be picked up. A Runabout vehicle may arrive anytime during that window of time. Runabout drivers will assist passengers in getting on and off the bus; however they are **not permitted** to cross the threshold of any personal residence.

What is ADA

Complementary Paratransit?

The Americans with Disabilities Act (ADA) is a Federal Law that requires public transit agencies that provide fixed route service to provide complementary/equivalent paratransit services to people who cannot use the fixed-route bus because of a disability. ADA complementary paratransit service must be provided within 3/4 of a mile of a bus route, at the same hours and days, for no more than twice the regular fixed route fare. Reservations are made at least 24 hours in advance. You must complete an application with RTA and must be ADA certified. To be certified contact the RTA Mobility Specialist at (805) 781-1170.

Who is Eligible for Runabout ADA Certification?

The ADA law mandates that paratransit be available to those persons whose disability prevents them from using accessible fixed-route bus services:

- This does not include people who find it uncomfortable, inconvenient or somewhat difficult to get to or from fixed route bus services.
- Persons do not automatically qualify for ADA certification because they have a disability or due to age.
- Runabout certification is based on a person's functional (physical or cognitive) limitations in riding or reaching the fixed route system.

Who is Runabout for?

Runabout is available for people who cannot navigate, travel to, or cannot access a boarding point or destination on the fixed route bus service independently because of a disability. This includes people who are unable, due to a mental or physical impairment, including a vision impairment. Riders must either live or travel to Runabout service within 3/4 mile of the RTA fixed route service. Runabout eligibility certification will be evaluated by the RTA.

There are three types of access to Runabout services:

Unconditional: Rider is unable to use fixed route under any circumstances and qualifies for all trips on Runabout.

Conditional: Rider may need Runabout for some trips but not for others. When an ADA rider is able to take the fixed route bus for a trip, they ride fare-free.

Temporary: Rider who experiences a temporary loss of functional ability that prevents them from using the fixed route services.

The ADA requires that paratransit rides be provided to all eligible riders if requested the previous day and up to seven days in advance of the trip. **Only riders who meet the criteria specified by the ADA and have been certified as eligible will have a guaranteed ride.**

Can I Have an Attendant or Companion?

Runabout clients are allowed to have one fare-free personal care attendant (PCA). A PCA can be anyone that assists the rider. Anyone traveling as a companion without providing needed assistance to the client must pay the full fare. If there is a second PCA, that person is required to pay a full fare. If you will be travelling with a PCA, be sure to tell the dispatcher when scheduling your ride. Children six years old and younger are allowed to ride fare-free with a paying adult.

How Do I Get Certified?

Applications can be obtained by calling (805)781-4833 to answer some preliminary screening questions and then an application will be mailed to you. Fill out the Runabout application and be sure to answer all of the questions and sign the form. Completed original applications must be submitted by mail to the RTA office.

RTA will review the application, and the applicant will be notified of a decision within twenty-one (21) days of completion of the application process, including an in-person interview and functional assessment at the RTA office.

How Do I Schedule My Rides?

Riders may make reservations up to seven days in advance (recommended), but no later than 5:00 PM the day before their planned trip. We cannot schedule same-day trips. To make a reservation, please **call Runabout Dispatch at (805) 541-2544** between the hours of 8:00 AM and 5:00 PM, seven days a week.

*Riders must speak to a
dispatcher to schedule a ride.
Rides cannot be scheduled
from a voice message*

How Much Does Runabout Cost?

The cost of a trip on Runabout is twice the cost of the same trip if it were taken on the fixed-route system with a maximum of \$11 for each trip. For specific trip pricing, please call 541-2544. A punch-pass for thirty dollars (\$30) or fifty dollars (\$50) worth of rides can be purchased and used on Runabout.

If you have any additional questions about ADA paratransit, Runabout, or the application process please call RTA administration at (805) 781-4833.

Holiday schedules will vary depending on the service provider. Please call your service provider regarding any holidays when service may have limited hours or is not available.
