**San Luis Obispo Regional Transit Authority
Job Description**

JOB TITLES: Grants Administrator, and Grants/Finance Manager
DEPARTMENT: Administration and Finance
REPORTS TO: Deputy Director/CFO
FLSA STATUS: Exempt, At-Will
EFFECTIVE DATE: April 24, 2019

JOB SUMMARY

The Grants Administrator and Grants/Finance Manager series performs professional and technical work related to service planning and the administration of grants. Primary duties include the collection and reporting of performance data for federal, state and local funding partners, preparation and filing of grant applications, and developing quarterly reports.

In addition to the primary duties listed above, the Grants/Finance Manager assists in the oversight and administration of accounting functions, budget preparation and contract management oversight.

Either position reports directly to the Deputy Director/CFO.

ESSENTIAL DUTIES AND RESPONSIBILITIES include the following. Other duties may be assigned.

- Administer grant application, reimbursement, and reporting progress of grants as required by the respective grants. Included but not limited to:
 - FTA 5307 for the four small urbanized areas served by the RTA
 - FTA 5339 Bus and Bus Facilities
 - FTA 5311 and 5311(F)
 - Rural Transit Fund Grant
 - SLOAPCD grants (MOVER, AB617, etc.)
- Administer NTD reporting.
- Attend training, conferences, and workshops as directed for improving grants management, and budgeting strategies and techniques.
- Assist in developing RFP/contracts for procurement projects.

Additional Essential Duties and Responsibilities for Grants/Finance Manager

- Ensure all staff adheres to the RTA procurement policy, specifically when it pertains to FTA and state grants.

- Supervise Accounting Technician – Administration, who performs the following tasks:
 - Oversee Accounts Payables process, including occasional review of and processing of invoices for payment using SAP accounting software.
 - Administer GFI Genfare software and fare revenue reconciliation.
 - Oversee Accounts Receivable process, including review of bank deposits.
- Research and compile data for inclusion in planning studies and reports.
- Assist in administering the agency's federal Title VI and DBE programs.

QUALIFICATIONS

- Principles of accounting and finance
- Principles of grant preparation and administration
- Principles of report writing
- Analytical methods and techniques for data gathering and analysis for budget preparation and planning efforts
- Basic governmental functions related to grants administration and public transportation
- Knowledge of federal, state and local transportation laws, policies, funding mechanisms and legislation related to grants administration and preparation

To perform this job successfully, must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

EDUCATION and/or EXPERIENCE

- A Bachelor of Arts degree in accounting, finance, public or business administration, planning or related field.
- A minimum of three years' experience in the preparation and administration of Federal and State transportation grants.
- Experience in the development and oversight of operating and capital budgets.
- Experience in optimizing grant funding and knowledge of federal and state funding mechanisms.
- Understanding of federal, state and local laws, requirements, and mandates related to the preparation and administration of grants.
- The Grants/Finance Manager must have a minimum of three years' experience directly managing grants administrator and/or accounting technician staff persons.
- The Grants Administrator may substitute five years' experience administering Federal and State grants in lieu of a Bachelor of Arts degree.

PHYSICAL DEMANDS

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this position. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this position, the employee is regularly required to use hands to finger, handle, or feel, reach with hands and arms, and talk or hear. The employee is frequently required to stand for prolonged periods of time, walk, sit, climb or balance, and stoop, kneel, crouch, or crawl. The employee must regularly lift and/or move up to 25 pounds, and occasionally lift and/or move up to 50 pounds. Specific vision abilities required by this position include normal visual range with or without correction; close vision, distance vision, peripheral vision, depth perception, and ability to adjust focus. Specific hearing abilities required are normal audio range with or without correction.

MENTAL DEMANDS

While performing the duties of this job, an employee uses written and oral communication skills; reads and interprets data, information and documents; analyzes and solves problems; uses math and mathematical reasoning; performs highly detailed work; deals with multiple concurrent tasks; and interacts with others encountered in the course of work.

WORK ENVIRONMENT

The employee works in an office environment where the noise level is usually quiet. May work out in the field when needed. May require availability to work a flexible schedule, including occasional evenings or weekends.

uses math and mathematical reasoning; performs highly detailed work; deals with multiple concurrent tasks; and interacts with others encountered in the course of work.

WORK ENVIRONMENT

The employee works in an office environment where the noise level is usually quiet. May work out in the field when needed. May require availability to work a flexible schedule.

San Luis Obispo Regional Transit Authority
Job Description

JOB TITLE: Manager, Marketing and Community Relations
DEPARTMENT: Administration and Finance
REPORTS TO: Deputy Director/CFO
FLSA STATUS: Exempt
EFFECTIVE DATE: July 2019

JOB SUMMARY

This position is responsible for the planning and execution of all marketing, customer services and community relations programs for the RTA. This position reports to the Deputy Director/CFO.

ESSENTIAL DUTIES AND RESPONSIBILITIES include the following. Other duties may be assigned.

- Prepares annual marketing plan, developing specific goals and objectives and strategy plans to achieve same; responsible for attainment of annual and long range goals and objectives.
- Develops, administers and monitors Marketing division budget based on the annual marketing plan referenced above.
- Manages all company marketing and customer services operations, customer relations and community outreach efforts, ensuring that RTA objectives in these areas are achieved.
- Under daily, time-sensitive deadlines, prepares printed, taped, videotaped, filmed multimedia and oral presentations of RTA plans, activities and programs; disseminates information to the news media and general public through announcements, press releases, multimedia productions, web-based productions or public speaking engagements.
- Communicates with media regarding RTA positions, policies, and current events; participates in interviews with print, internet and electronic media representatives often with limited preparation time.
- Under critical daily deadlines, prepares resolutions, letters, messages, trade magazine articles, press releases, passenger bulletins, radio and video scripts, talking points and other printed materials for use by the Executive Director and the news media.
- Coordinates media events; participates in planning events with other RTA staff; develops media kits and handouts; contacts media in order to ensure participation; attends events and provides staff support; works with the various community groups in the county to provide information on RTA services and support community events in which RTA participates.
- Directs development of and ensures accuracy of all consumer information materials, including brochures, timetables and signage.
- Establish and develops relationships with representatives at communities that RTA serves; provide information on RTA services; promote the system and our products.
- Works closely with other departments and other transit agencies on joint projects and tasks.

MINIMUM QUALIFICATIONS

To perform this job successfully, the incumbent must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations will be made to enable individuals with disabilities to perform the essential functions.

Knowledge of: Graphics-design, and writing formats and techniques; current internet-based social media tools; the publication process including the steps involved in editorial, graphics and print production; the principles, practices and methods of governmental and community relations, public affairs, and the dissemination of public information; budget preparation and administration; commonly used computer equipment and current office software; modern office procedures; local community demographics and facts; and pertinent RTA regulations, policies, and procedures.

Ability to: Develop and implement creative and innovative marketing, public information, and community outreach concepts; plan, organize, develop and implement marketing campaigns, publications, and information displays; supervise assigned college-intern staff and provide motivation, training, work direction and advice; collect and analyze data on complex problems, evaluate alternatives and make recommendations; effectively represent RTA and make presentations to inter-departmental functions, governmental agencies, public and private meetings, and other forums; develop, interpret and administer budgets; exercise sound and independent judgment within policy guidelines and budget constraints; use currently available office software for word processing, spreadsheets, data analysis, graphic arts development, and presentations; communicate effectively both orally and in writing; and establish and maintain effective and collaborative working relationships with RTA staff and members of the public using principles of good customer service.

EDUCATION and/or EXPERIENCE

Equivalent to a Bachelor's Degree from an accredited college or university with major coursework in communications, public administration, marketing, journalism, or a related field. Equivalent to at least two (2) years of increasingly responsible professional level experience developing and implementing marketing, public information, or community relations programs with an emphasis on public service and community outreach. Experience in a public transit setting is desirable.

SPECIAL REQUIREMENTS

The ability to transport oneself efficiently, and in a timely manner to all public, private, and governmental functions throughout the RTA service area, as required by the job.

PHYSICAL DEMANDS

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this Job, the employee is regularly required to use hands to fingers, handle, or feel; reach with hands and arms and talk or hear. The employee is frequently required to stand; walk; sit; climb or balance and stoop, kneel, crouch, or crawl. The employee must regularly lift and /or move up to 25 pounds, frequently lift and/or move up to 50 pounds and occasionally lift and/or move up to 10 pounds. Specific vision abilities required by this job include Close vision, Distance vision, Peripheral vision, Depth perception and Ability to adjust focus.

San Luis Obispo Regional Transit Authority
Job Description

JOB TITLE: Mechanic A
DEPARTMENT: Maintenance
REPORTS TO: Manager, Maintenance and Facilities
FLSA STATUS: Non-exempt
EFFECTIVE DATE: July 2019

JOB SUMMARY

Effectively uses a variety of hand, power and computer diagnostic tools and testing instruments to independently perform varied and complex inspection, diagnostic, overhaul and repair functions required for the maintenance of RTA revenue and nonrevenue vehicles and equipment; including gas, diesel and hybrid powered coaches, trucks, cars, fare boxes, fare collection equipment, small shop machinery, power tools, and other support equipment; performs off-site and/or emergency repairs; serves as a team leader for assigned projects; may serve as Lead Mechanic during absence of supervisor; practices safe work processes and contributes to the creation and maintenance of a safe working environment for self and others; and performs other related duties as assigned.

DISTINGUISHING CHARACTERISTICS

This is the highly-skilled journey level classification within the Mechanic job series. Employees in this classification are distinguished from lower level Mechanic classifications by the independent performance of a wide range of complex inspection, testing, diagnostic and repair functions required to maintain all RTA revenue and nonrevenue vehicles and related equipment. Employees in this classification must be able to learn and transfer new and expanded mechanical and electronic knowledge and skills as diagnostic systems and mechanical/electronic components are modified and updated.

SUPERVISION RECEIVED

Receives limited supervision within a framework of standard operating policies and procedures.

SUPERVISION EXERCISED

Provides technical and/or functional supervision to lower level positions as assigned. May act in a lead capacity to others during assigned supervisor's absence.

ESSENTIAL DUTIES AND RESPONSIBILITIES

Inspects, tests, troubleshoots, diagnoses, builds, rebuilds, overhauls and maintains all pneumatic, mechanical and electronic-related systems and components on RTA revenue and non-revenue vehicles and equipment, including gas, diesel, propane and hybrid powered coaches, trucks, cars, fare boxes, fare collection equipment, small shop machinery power tools, and other support equipment; reads blueprints, schematics, job orders and wire numbers; makes road calls to service disabled vehicles; safely operates RTA coaches and other vehicles in the course of performing assigned duties; ability to perform advanced auto body work as assigned and needed; performs essential functions of all classifications within the Mechanic job series as required; may be assigned to instruct and/or assist other Mechanics; schedule shop daily assignments without supervision upon assignment; and performs other related duties as assigned.

REQUIRED KNOWLEDGE

- Methods, materials, lubricants, tools, and equipment used in servicing, diagnosis, preventive maintenance, overhaul and repair of RTA vehicles and equipment.
- Mechanical principles for gas, diesel, and/or hybrid powered engines, fluid systems, electrical systems, power train and chassis.
- Mechanical principles of braking, heating, air conditioning, pneumatic and hydraulic systems and transmissions.

REQUIRED ABILITY TO

- Obtain and maintain a valid California Class B driver's license issued by the Department of Motor Vehicles with proper endorsements and current medical certificate.
- Comply with drug and alcohol testing provisions for safety-sensitive employees as required by the FTA, Department of Transportation (49 CFR, Parts 40 and 655).
- Troubleshoot, diagnose, repair and/or overhaul electronic, electrical and mechanical systems for RTA coaches, vehicles and support equipment.
- Inspect, test, repair, replace, rebuild, and overhaul vehicle equipment, assemblies, sub-assemblies, and support equipment, machinery and tools.
- Demonstrate the correct use of hand tools common to the trade.
- Safely operate RTA equipment and vehicles.
- Write work orders and routine reports in a clear and concise manner.
- Read and understand schematics, operations, and service and safety manuals, including schematic symbols, electrical drawings, pulse and logic circuits and operations microprocessors.
- Understand and effectively follow written and oral instructions.
- Prioritize workload to ensure successful job performance for self and others.
- Exercise good judgment and effectively solve practical problems
- Maintain attention to detail in a work environment of frequent interruptions.
- Work independently in the absence of supervision.

- Understand and follow guidelines for safe handling of toxic and/or caustic chemicals and other hazardous materials.
- Learn and effectively apply RTA policies and procedures.
- Establish and maintain effective working relationships with those contacted in the performance of required duties.
- Perform essential functions of the job without causing harm to self or others.

REQUIRED COMPUTER SKILLS

- Personal Computers and Windows applications.
- Ability to learn and effectively utilize multiple and designated computer based diagnostic tools.

PHYSICAL AND MENTAL REQUIREMENTS

The essential functions of this job are performed in both a shop environment and outside in various weather conditions, including extreme heat and cold. Work is performed on ladders, around moving vehicles, equipment and machinery with moving parts, under wet and slippery conditions and, occasionally, with hands in water. Employees may be exposed on a daily basis to excessive humidity, a dry atmosphere, intermittent loud noise and vibrations, dust, silica, fumes, smoke, gases, grease, oils, electrical energy, high pressure clean natural gas and toxic and/or caustic chemicals.

On a daily basis, the essential functions of the job require employees to climb ladders, stoop, kneel, crouch, stand, and walk and occasionally to crawl into confined spaces; to extend arms and use upper extremities, finger dexterity and hand strength to reach, pick, pinch and grasp tools and controls and/or to feel the attributes of objects; to lift, and carry objects weighing up to 50 pounds; to push and pull objects weighing up to 150 pounds; to hear and talk to receive and communicate instructions and other information; to rotate neck left and right and bend neck forward and backward; to bend and twist torso; to read and see objects clearly within one foot to arms length, and occasionally to twenty feet, requiring a full field of vision and good depth perception with the ability to adjust focus and distinguish basic colors and shades of color; and to operate vehicles and equipment requiring the use of both feet and hands.

San Luis Obispo Regional Transit Authority
Job Description

JOB TITLE: Mechanic B
DEPARTMENT: Maintenance
REPORTS TO: Manager, Maintenance and Facilities
FLSA STATUS: Non-exempt
EFFECTIVE DATE: July 2019

JOB SUMMARY

Using a variety of hand and power tools common to the trade, performs a variety of preventative maintenance and specific repair functions, such as brake and transmission inspections and repairs, on RTA coaches, related equipment and other related vehicles; assists more experienced mechanics performing inspection, diagnosis and major repair functions; as assigned, provides functional training and assistance to employees in lower level classifications; makes road calls to service disabled vehicles; practices safe work processes and contributes to the creation and maintenance of a safe working environment for self and others; and performs related duties as assigned.

DISTINGUISHING CHARACTERISTICS

This is the second level classification within the mechanic job series. This classification is distinguished from the journey level Mechanic A classification by the performance of routine assignments and duties specific to preventive maintenance, brake and transmission repairs, and removal and replacement of component parts. This job classification is distinguished from the entry level Mechanic C classification by the level of independence exercised in performing more difficult and varied inspection, repair and maintenance assignments.

SUPERVISION RECEIVED

Employees receive general supervision within a framework of standard operating policies and procedures.

SUPERVISION EXERCISED

Employees in this classification do not generally supervise other employees but may provide functional training and assistance to employees' assigned to lower level classifications.

ESSENTIAL DUTIES AND RESPONSIBILITIES

Removes and replaces component parts such as radius rods, bushings, air bags, starters, and radiators; performs engine assemblies, brake inspections and brake repairs associated with inspections, such as brake adjustments and brake relines; repairs transmissions; repairs wheelchair lifts; performs minor body repairs; performs road calls to service disabled coaches; safely operates RTA coaches and other vehicles in the course of performing assigned duties; assists more experienced mechanics, perform inspection, diagnosis, and major repair functions; ability to perform moderate auto body work as assigned and needed; may be assigned to train or assist positions of equal or lower level classifications; schedule shop daily assignments under supervision and upon assignment; and performs other related duties as assigned. May be required to inspect, diagnose, repair or rebuild under supervision.

REQUIRED KNOWLEDGE

- Methods, materials, lubricants, tools, and equipment used in servicing, diagnosis, preventive maintenance and repair of vehicles and equipment.
- Mechanical principles for gas, diesel and Hybrid engines, fluid systems, electrical, power train and chassis.
- Mechanical principles of braking, heating, air conditioning, pneumatic and hydraulic systems and transmissions.
- General preventive maintenance applications.
- Standard shop safety practices.

REQUIRED ABILITIES

- Obtain and maintain a valid California Class B California driver's license issued by the Department of Motor Vehicles with proper endorsements and current medical certificate.
- Comply with drug and alcohol testing provisions for safety-sensitive employees as required by the FTA, Department of Transportation (49 CFR, Parts 40 and 655).
- Learn and effectively apply the RTA's policies and procedures
- Demonstrate the correct use of hand tools common to the trade.
- Safely operate RTA equipment and vehicles.
- Read and understand schematics, operation, service and safety manuals
- Exercise good judgment and effectively solve practical problems
- Maintain attention to detail in a work environment of frequent interruptions.
- Work independently in the absence of supervision.
- Understand and effectively follow written and oral instructions.
- Understand and follow guidelines for safe handling of toxic and/or caustic chemicals and other hazardous materials.
- Establish and maintain effective working relationships with those contacted in the performance of required duties.
- Perform essential functions of the job without causing harm to self or others

REQUIRED COMPUTER SKILLS

- Personal computers and Windows applications.
- Ability to learn and effectively utilize designated computer based diagnostic tools.

PHYSICAL AND MENTAL REQUIREMENTS

The essential functions of this job are performed in both a shop environment and outside in various weather conditions, including extreme heat and cold. Work is performed on ladders, around moving vehicles, equipment and machinery with moving parts, under wet and slippery conditions and, occasionally, with hands in water. Incumbents are exposed on a daily basis to a dry atmosphere, intermittent loud noise and vibrations, dust, silica, fumes, smoke, gases, grease, oils, electrical energy, and toxic and/or caustic chemicals.

On a daily basis, the essential functions of the job require employees to climb ladders, stoop, kneel, crouch, stand, and walk and occasionally to crawl into confined spaces; to extend arms and use upper extremities, finger dexterity and hand strength to reach, pick, pinch and grasp tools and controls and/or to feel the attributes of objects; to lift, and carry objects weighing up to 50 pounds; to push and pull objects weighing up to 150 pounds; to hear and talk to receive and communicate instructions and other information; to rotate neck left and right and bend neck forward and backward; to bend and twist torso; to read and see objects clearly within one foot to arms length, and occasionally to twenty feet, requiring a full field of vision and good depth perception with the ability to adjust focus and distinguish basic colors and shades of color; and to operate vehicles and equipment requiring the use of both feet and hands

San Luis Obispo Regional Transit Authority
Job Description

JOB TITLE: Mechanic C
DEPARTMENT: Maintenance
REPORTS TO: Manager, Maintenance and Facilities
FLSA STATUS: Non-exempt
EFFECTIVE DATE: July 2019

JOB SUMMARY

Using a variety of hand and power tools, performs defined inspections and assigned preventive maintenance functions and assists more experienced mechanics in the performance of general inspections, electronic analysis, mechanical repair and preventive maintenance of RTA buses, related equipment, and other vehicles; makes road calls taking corrective action as identified on defect reports; practices safe work processes and contributes to the creation and maintenance of a safe working environment for self and others; performs related duties as assigned.

DISTINGUISHING CHARACTERISTICS

This is the entry level to the mechanic job classification series. Employees learn and apply basic mechanical knowledge and skill to the performance of defined inspections and related preventive maintenance and repair functions and assist more experienced mechanics in the inspection, analysis, preventive maintenance and mechanical repair of RTA coaches, related equipment and other vehicles. Problem solving is limited to standard operating procedures; alternative actions and decision making are referred to the appropriate authority.

SUPERVISION RECEIVED

New employees receive close supervision within a framework of well-defined policies and procedures. Once proficiency is attained, assignments become more varied and are performed under general supervision within a framework of well-defined policies and procedures.

SUPERVISION EXERCISED

Employees in this classification do not exercise supervision over others.

ESSENTIAL DUTIES AND RESPONSIBILITIES

Employees may perform general inspections in the presence of A and B mechanics. Performs specific inspections and makes related repairs, such as brake adjustments and replacement of engine fluids and fuel lines; replaces brake diaphragms, slack adjusters and window glass; assists in pullout operations; makes road calls; assists more experienced mechanics in the performance of general inspections, electronic analysis, mechanical repairs, preventive maintenance and the removal and replacement of component parts, such as radius rod bushings, air bags, starters and radiators; maintains and repairs fare boxes; performs maintenance checks on fire suppression systems; safely operates RTA coaches and other vehicles in the course of performing assigned duties; and performs other related duties as assigned.

LICENSES and/or CERTIFICATIONS

- Ability to obtain a Class B California Driver's License
- A satisfactory driving record
- Required to obtain the tools for the Mechanic C by the end of the probationary period.

REQUIRED KNOWLEDGE

- Methods, materials, lubricants, tools, and equipment used in servicing, routine maintenance and repair of automotive equipment.
- Standard shop safety practices.

REQUIRED ABILITIES

- Obtain and maintain a valid Class B California driver's license issued by the Department of Motor Vehicles with proper endorsements and current medical certificate.
- Comply with drug and alcohol testing provisions for safety-sensitive employees as required by the FTA, Department of Transportation (49 CFR, Parts 40 and 655).
- Learn and effectively apply the RTA's policies and procedures
- Understand and effectively follow written and oral instructions.
- Perform repetitive tasks in an accurate and timely manner.
- Maintain attention to detail in a work environment of frequent interruptions.
- Recognize and detect equipment malfunctions.
- Learn proper methods of diagnosing and repairing mechanical problems of internal combustion engines.
- Learn the mechanics of hydraulic and air brake systems.
- Demonstrate the correct use of standard hand tools
- Safely operate RTA equipment and vehicles
- Read and understand schematics, service, operations and safety manuals.
- Understand and follow guidelines for safe handling of toxic and/or caustic chemicals and other hazardous materials.

- Establish and maintain effective working relationships with those contacted in the performance of required duties.
- Perform essential functions of the job without causing harm to self or others

REQUIRED COMPUTER SKILLS

- Basic literacy with personal computers and Windows applications.

PHYSICAL AND MENTAL REQUIREMENTS

The essential functions of this job are performed in both a shop environment and outside in various weather conditions, including extreme heat and cold. Work is performed on ladders, around moving vehicles, equipment and machinery with moving parts, under wet and slippery conditions and, occasionally, with hands in water. Incumbents are exposed on a daily basis to a dry atmosphere, intermittent loud noise and vibrations, dust, silica, fumes, smoke, gases, grease, oils, electrical energy, and toxic and/or caustic chemicals.

San Luis Obispo Regional Transit Authority

Job Description

JOB TITLE: Maintenance Assistant Manager
DEPARTMENT: Maintenance
REPORTS TO: Manager, Maintenance and Facilities
FLSA STATUS: Exempt
EFFECTIVE DATE: May 2023

JOB SUMMARY

Under supervision of the Manager, Maintenance and Facilities, develops, supervises, evaluates and participates in activities related to the acquisition, preventative maintenance, repair and operation of all RTA vehicles and equipment. Supervises and schedules all work, job assignments for all mechanics and training and safety for all maintenance staff. Coordinates with all departments to ensure that operational demands are being met. Assist staff with troubleshooting and vehicle maintenance as needed and performs related work as assigned.

ESSENTIAL DUTIES AND RESPONSIBILITIES

- Knowledge of the principles and techniques of heavy and light-duty vehicle design and mechanical repair.
- Knowledge of the methods, materials and tools required to operate a maintenance shop.
- Knowledge of occupational hazards in a work environment, and maintenance shop safety requirements.
- Performs in a lead/supervisor capacity and front-line person for job assignments, information, training, and policy and procedure implementation and compliance.
- Serves as the first level supervisor in the field; verbally advising staff of correct procedures, and behaviors, and provides input for staff performance and document and report any discipline issues to the Maintenance and Facility Manager.
- The ability to foresee vehicle maintenance issues, communicate and plan accordingly.
- Coordinates outside vehicle repairs and monitor performance of vendors.
- Develop and monitor shop safety written policies and procedures in coordination with RTA safety and training department and outside vendors as needed.
- Reviews work orders in the computerized maintenance software program for accuracy, parts usage, and efficiency.
- Prioritize job assignments throughout the day depending on operational demands, breakdowns, or defects noted on PM's. Subcontract work in coordination with local vendors as work assignments and technician availability requires.
- Review preventative maintenance due and work with on-duty dispatcher and lead mechanics to schedule vehicles for repairs or PMs.
- Coordinate with Parts clerk to Orders stock parts.
- Spot-checks completed work to ensure correctness.
- Monitor communication between maintenance department and operations to ensure communication of vehicle service status.

- Serve as primary lead for tire inventory levels. Reviews parts usage and inventory. Communicate inventory levels and parts needed with Parts Clerk.
- Keeps office and shop safe, clean, and uncluttered.
- Serves as the manager of the maintenance department in the absence of the Manager, Maintenance and Facilities.
- Familiarization of CBA and RTA work rules as it pertains to the maintenance department. Document and report concerns to Manager, Maintenance and Facility.
- Performs related work as required.

QUALIFICATIONS

To perform this job successfully, must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

- Graduation from High School or possession of an acceptable equivalency diploma.
- Minimum 5 years of experience as a journeyman mechanic in automotive, heavy equipment and diesel repair and electrical, hydraulic, and pneumatic systems.
- Minimum 3 years of experience in the supervision of mechanics.
- Strong analytical and problem solving skills.
- Basic computer skills and minimum basic knowledge of Microsoft Office applications.
- Knowledge of industry shop safety and OSHA standards for a heavy duty transit shop.
- Effective oral and written communication and interpersonal skills.
- ASE Certification highly desired.

License and/or Certifications:

Possession of a valid, appropriate (Class B) driver's license and an acceptable driving record.

PHYSICAL AND MENTAL REQUIREMENTS

The essential functions of this job are performed in both a shop environment and outside in various weather conditions, including extreme heat and cold. Work is performed on ladders, around moving vehicles, equipment and machinery with moving parts, under wet and slippery conditions and, occasionally, with hands in water. Employees may be exposed on a daily basis to excessive humidity, a dry atmosphere, intermittent loud noise and vibrations, dust, silica, fumes, smoke, gases, grease, oils, High Voltage vehicles and charging equipment, electrical energy, high pressure and flammable gases and toxic and/or caustic chemicals.

On a daily basis, the essential functions of the job require employees to climb ladders, stoop, kneel, crouch, stand, and walk and occasionally to crawl into confined spaces; to extend arms and use upper extremities, finger dexterity and hand strength to reach, pick, pinch and grasp tools and controls and/or to feel the attributes of objects; to lift, and carry objects weighing up to 50 pounds; to push and pull objects weighing up to 150 pounds; to hear and talk to receive and communicate instructions and other information; to rotate neck left and right and bend neck forward and backward; to bend and twist torso; to read and see objects clearly within one foot to arms length, and occasionally to twenty feet, requiring a full field of vision and good depth perception with the ability to adjust focus and distinguish basic colors and shades of color; and to operate vehicles and equipment requiring the use of both feet and hands.

**San Luis Obispo Regional Transit Authority

Specific vision abilities required by this job include Close vision, Distance vision, Peripheral vision, Depth perception and Ability to adjust focus.

San Luis Obispo Regional Transit Authority
Job Description

JOB TITLE: Operations Manager
DEPARTMENT: Operations
REPORTS TO: Executive Director
FLSA STATUS: Exempt
EFFECTIVE DATE: July 2019

JOB SUMMARY

Provides department level management and leadership to the Operations Division while supporting the goals and objectives of the RTA. Responsible for the supervision of all operations division staff, performing administrative tasks, developing and managing programs, policies and procedures to ensure that RTA consistently provides high quality customer service in the provision of RTA fixed route, Runabout, Dial-a-Ride and trolley service. This position reports to the Executive Director.

ESSENTIAL DUTIES AND RESPONSIBILITIES

- Provide leadership to operations division employees to ensure that daily service delivery meets/exceeds RTA service standards.
- Manages department work load, staffing levels, scheduling runs and work shifts for bus operators and operations supervisors to ensure shifts and work is filled with appropriate personnel.
- Develop, analyze and evaluate existing and proposed transit policies and procedures to ensure that RTA and its contractor are in compliance with all federal, state and local regulations, laws and mandates.
- Prepare reports, documents and correspondence.
- Assist in the development of RTA operating and capital budgets to ensure that service is provided in the most effective and efficient manner possible. Assist in writing grant applications for federal, state and local funding sources to expand, improve or maintain transit services and capital infrastructure to support service.
- Assist in the development of Request for Proposals (RFPs) for various technical projects and programs, and review subsequent proposals submitted by vendors. Prepare specifications for equipment, vehicles and capital items and assist in the project management and oversight of said procurements.
- Responsible for overall operations planning function including the design and development of schedules, blocks, runs and paddles, route maps and development of public timetables for internal and external use.
- Represent the San Luis Obispo Regional Transit Authority (RTA) at various meetings and committees throughout the area.
- Provides training, development and mentoring of operations division staff.

- Responsible for labor relations for all division employees. Ensures that supervisors understand all provisions in the CBA as well as employee policies, rules and regulations for bargaining unit employees. Trains and develops staff in the administration of CBA.
- Prepare SCAT Board Agendas and reports and assist in the preparation of RTA Board agendas and reports.
- Administer Contractor and SCAT DOT Alcohol and Substance Abuse reporting and overall program compliance.
- Develop and implement action programs and plans to improve resources, professional performance of staff, safety, service efficiency, and operations budget.
- Other duties as assigned by the Executive Director.

QUALIFICATIONS

To perform this job successfully, must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Must have knowledge of:

- Federal, state and local transportation laws, policies, funding options and legislative processes;
- Basic governmental functions related to public transit;
- Principles of transit operations and maintenance;
- Principles of report writing;
- Principles of budget preparation and control;
- Principles of supervision and motivation;
- Principles of contract administration;
- Analytical methods and techniques used for cost and price analysis;
- Windows computer working environment, proficient use of MS Word, MS Excel, Adobe Acrobat;

EDUCATION AND EXPERIENCE

- A Bachelor degree in transportation, public or business administration, planning or related field, and a minimum of five years experience in transit operations are required. Actual equivalent experience (on a year to year basis) in the administration of a public or private transportation system of similar size/scope may be considered as an acceptable substitute for a degree.
- Must have experience in supervising personnel.
- Must have experience administering and managing a contract operator for provision of fixed route and paratransit operations

- Experience in automated scheduling and operator management software, CAD/AVL radio system
- Scope of experience must include modern managerial techniques necessary for organizing, implementing and executing operating plans, and effective motivation and communication methods
- Understanding of federal and state laws, requirements and mandates regarding training/safety, drug and alcohol testing, operating procedures and protocol, and labor relations

PHYSICAL DEMANDS

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this Job, the employee is regularly required to use hands to fingers, handle, or feel; reach with hands and arms and talk or hear. The employee is frequently required to stand; walk; sit; climb or balance and stoop, kneel, crouch, or crawl. The employee must regularly lift and /or move up to 25 pounds, frequently lift and/or move up to 50 pounds and occasionally lift and/or move up to 10 pounds. Specific vision abilities required by this job include Close vision, Distance vision, Peripheral vision, Depth perception and Ability to adjust focus.

San Luis Obispo Regional Transit Authority
Job Description

JOB TITLE: Parts Clerk
DEPARTMENT: Maintenance
REPORTS TO: Manager, Maintenance and Facilities
FLSA STATUS: Non-exempt
EFFECTIVE DATE: March 2022

JOB SUMMARY

Under direction of the Maintenance and Facilities Manager, a Parts Clerk performs skilled maintenance and clerical support duties related to requisitioning, receiving, inspecting, identifying, researching, stocking and issuing a variety of parts, equipment, tools, materials and supplies including highly specialized items for vehicle maintenance and repairs, facilities maintenance and repairs, and custodial activities; assists departments in identifying the correct items to be purchased; performs daily checks and balances as well as weekly group inventories; performs general office work; and performs related duties as assigned.

DISTINGUISHING CHARACTERISTICS

The Parts Clerk performs tasks of various difficulty that requires a moderate knowledge of heavy and light duty vehicles, storekeeping, and purchasing methods as well as related departmental policies, practices, and procedures.

SUPERVISION EXERCISED

Employees in this classification do not exercise supervision over others.

ESSENTIAL DUTIES AND RESPONSIBILITIES

- Requisitions, receives, inspects, stocks, and issues a variety of materials and supplies requested by multiple departments, including specialized parts, equipment, and tools for vehicle maintenance and repairs, facilities maintenance and repairs, and custodial activities.
- Assists in identifying and purchasing of parts and supplies from catalogs, parts manuals, internet, and other sources; places orders for parts with vendors online, over the phone, or by submitting purchases requisitions according to policies; issues items to departments.
- Receives, inspects, and stocks deliveries of items ordered by departments and compares items against invoices to confirm completeness of delivery; delivers items to ordering

departments; uses forklift to load/unload larger deliveries, handle and transport hazardous materials, and deliver larger items.

- Performs regular inspections of parts room and other locations as required; maintains an accurate inventory count and keeps records using a computerized inventory system and software; places regular order to stock and restock items that are frequently requested.
- Monitors accumulates metal, hazardous waste and other items and notifies supervisor and/or management of the need for disposal and assists in the process.
- Packages and ships items needing repair or warranty work.
- Maintains the parts room in a clean and orderly fashion.
- Assists in vendor selection and monitors vendor performance.
- Performs data entry to update and maintain information in digital files; compiles and prepares data for statistical and accounting reports; may create spreadsheets and other tools to track information.
- Creates and types up correspondence and other documentation.
- Answers phones, greet visitors, and provides information to employees and the public.
- Operates standard office equipment; utilizes computer software in performing job tasks.
- Performs related work as required.
- Establish and Maintain vehicle Oil Analysis Program
- Maintain Leases and Capped Tire inventory to adequate levels
- Assist in various administrative duties as needed

MINIMUM QUALIFICATIONS

Any combination of experience and education that would likely provide the required knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:

Education, Training, and Experience:

- High school diploma or general education degree (GED); or one to three months related experience and/or training; or equivalent combination of education and experience.

LICENSES and/or CERTIFICATIONS

- A valid Class C California Driver's License is required at the time of appointment and throughout employment.
- A satisfactory driving record

REQUIRED KNOWLEDGE & ABILITIES

- Standard equipment, parts, tools, and supplies required for maintaining and appropriately storing:

- Light and heavy duty vehicle systems.
 - Wide variety of non-vehicular equipment and facilities department needs.
 - Custodial work as well as other general operational needs of a transit agency.
- Standard shop safety practices and safety operate RTA equipment and vehicles.
- Principles and methods of maintaining standard inventory of high demands.
- Methods of determining the availability and best price for equipment, parts, tools, and supplies.
- Standard processes pertaining to purchasing and related data maintenance.
- Office practices, procedures, and equipment.
- Intermediate methods of:
 - Maintaining information in digital and hard copy files.
 - Researching, gathering, organizing, and reporting data.
 - Prioritizing, planning, and organizing all other work.
 - Time management skills and techniques.
 - Customer service skills and techniques, including telephone etiquette and skills.
- Learn and effectively apply the RTA's policies and procedures
- Maintain attention to detail in a work environment of frequent interruptions.
- Understand and follow guidelines for safe handling of toxic and/or caustic chemicals and other hazardous materials.
- Establish and maintain effective working relationships with those contacted in the performance of required duties.
- Perform essential functions of the job without causing harm to self or others.
- Recognize and detect equipment malfunctions.
- Demonstrate the correct use of standard hand tools for facility maintenance.
- Understand and effectively follow written and oral instructions.

REQUIRED COMPUTER SKILLS

- Basic literacy with personal computers and Windows applications.
- The effective use of modern office equipment, personal computers, and standard business software.

PHYSICAL AND MENTAL REQUIREMENTS

The essential functions of this job are performed in both a shop environment and outside in various weather conditions, including extreme heat and cold. Work is performed on ladders, around moving vehicles, equipment and machinery with moving parts, under wet and slippery conditions and, occasionally, with hands in water. Incumbents are exposed on a daily basis to a dry atmosphere, intermittent loud noise and vibrations, dust, silica, fumes, smoke, gases, grease, oils, electrical energy, and toxic and/or caustic chemicals.

On a daily basis, the essential functions of the job require employees to climb ladders, stoop, kneel, crouch, stand, and walk and occasionally to crawl into confined spaces; to extend arms

and use upper extremities, finger dexterity and hand strength to reach, pick, pinch and grasp tools and controls and/or to feel the attributes of objects; to lift, and carry objects weighing up to 50 pounds; to push and pull objects weighing up to 150 pounds; to hear and talk to receive and communicate instructions and other information; to rotate neck left and right and bend neck forward and backward; to bend and twist torso; to read and see objects clearly within one foot to arms length, and occasionally to twenty feet, requiring a full field of vision and good depth perception with the ability to adjust focus and distinguish basic colors and shades of color; and to operate vehicles and equipment requiring the use of both feet and hands.

San Luis Obispo Regional Transit Authority
Job Description
